Marrying the Matchmaker (A Shanahan Match Book #4) Jody Hedlund, 2026-02-03 A historical romance reader's delight. Treat yourself. Jody Hedlund does not disappoint. ROBIN LEE HATCHER award winning author on *Calling on the Matchmaker*. As the middle child of the Shanahan family, Zaira does her best to keep the peace. She doesn't share her dream of becoming a published author with her family to spare herself their disapproval. When she's caught in a scandal involving the local matchmaker Bellamy McKenna, she must put her storytelling ability to good use and feign a match with him to avoid wagging tongues and her parents' anger. Feeling the growing pressure to marry as a well-known yet single matchmaker to St. Louis's Irish community, Bellamy reluctantly agrees to a temporary match with Zaira. But even though the matchmakers in his family might be able to find love for others, they have a history of disastrous relationships for themselves. When secrets and danger force Zaira and Bellamy to work together, is it finally the matchmaker's turn to be lucky in love? Hedlund delivers another captivating closed-door historical romance with sizzling chemistry, witty banter, a fake relationship, and close-knit Irish families where the matchmaker finally meets his match in this final installment in her series for fans of Mimi Matthews and Elizabeth Camden.

Getting Married in Korea Laurel Kendall, 1996 This work explores what it means to be modern and what it means to be Korean in a culture where courtship and marriage are often the crucible in which notions of gender and class are cast and recast. Touching on a number of important issues: identity, romantic love, women's work, marriage negotiations, and wedding ceremonies, Laurel Kendall gives us a new appreciation for how Koreans have adapted this pivotal social practice to the astounding changes of the past century. Kendall attended her first Korean wedding in 1970, soon after she arrived in the country with the Peace Corps. Years later, as a seasoned anthropologist, she began interviewing both working-class and middle-class couples, matchmakers, purveyors of dowry goods, and proprietors of wedding halls. She consulted etiquette handbooks and women's magazines and analyzed cartoons, photographs, and weddings themselves. The result is an engaging account of how marriage matches are made, how families proceed through the rites, how they finance ceremonies, and elaborate exchanges of ritual goods, and how these practices are integral to the construction of adult identities and notions of ideal women and men. The book is also a reflection on what it means to write Korea in a complex and ever-changing social milieu.

Matchmaking and the Marriage Market in Postrevolutionary France Andrea Mansker, 2024-12-15 Matchmaking and the Marriage Market in Postrevolutionary France uncovers the unexplored history of matrimonial agents, their novel marketing tactics, and the rise of personal advertisements to track the commercialization of marriage in nineteenth-century France. Brokers transformed courtship and marriage into forms of commercial exchange, linking them to the burgeoning urban values of abundance, pleasure, and social mobility. By studying agents and readers' media fictions on love alongside court cases, legislation, and literature surrounding the industry, Andrea Mansker reveals the intimate and socioeconomic pressures of finding a spouse. At the same time, she demonstrates how contemporaries used the

business of matrimony to reimagine their public identities relationships and courtship rituals following unprecedented historical change due to the French Revolution and Napoleonic wars The matchmaking business both responded to and helped shape national anxieties over fluctuating nuptial rates and changing laws on marriage and divorce As a result marriage itself was reconceived as a commercial contract inseparable from the atomistic and corrupt marketplace The debates and pressures Mansker describes in *Matchmaking and the Marriage Market in Postrevolutionary France* are still relevant today As contemporary online daters likely understand the possibility of finding a mate in an expanded pool of candidates beyond one's family locality and nation offered individuals the liberating opportunity to explore new personas just as it produced a novel sense of danger about these impersonal transactions in the anonymous marketplace
