**Number in Scripture** E. W. Bullinger, 2014-03 This Is A New Release Of The Original 1894 Edition      **Number in Scripture** E. W. Bullinger, 2006-10-01 Six hundred and sixty six is the number of a name When the name of Antichrist is known its gematria will doubtless be found to be the number 666 22 95 22 95 22 95 This may be the most famous number in the Bible but it is by no means the only number to be found therein Number in Scripture provides a complete and exhaustive synopsis of the spiritual significance of every number found in the Bible This classic reference book on biblical numerology is one of the most famous and helpful reference books on numerology ever written E W ETHELBERT WILLIAM BULLINGER 1837 1913 was a Vicar of the Church of England a Biblical scholar and dispensationalist theologian Educated at King s College London he was a recognized scholar in the field of biblical languages In 1881 the Archbishop of Canterbury granted him an honorary Doctor of Divinity degree in recognition of his biblical scholarship Bullinger also wrote the notes and appendixes of The Companion Bible and is the author of numerous other works including Commentary on Revelation Great Cloud of Witnesses and How to Enjoy the Bible      Number In Scripture E W Bullinger, 2024-12-27 Number in Scripture Its Supernatural Design and Spiritual Significance by E W Bullinger is a comprehensive exploration of the symbolic and spiritual meanings of numbers in the Bible Published in 1894 the book reflects Bullinger s theological scholarship and his interest in numerology specifically its biblical application The work aims to demonstrate how numbers in Scripture reveal a divine pattern and order supporting the idea of the Bible s divine inspiration      *Number in Scripture* Ethelbert William Bullinger, 1967      **Number in scripture** Ethelbert W. Bullinger, 1985      *The Numerical Structure of the Holy Bible* Charles Stockford Jr., 2016-12-22 Most Bible students are aware of the use of numbers in scripture The number 7 is a prime example with its connotations of perfection and completeness The study of numbers as used in the Bible is infrequent and the Lord s people therefore miss some of that which is profitable for correction and instruction in the Word of God This volume goes a long way toward correcting the deficiency by providing a great introduction to the subject and showing that these patterns provide proof of the completeness and inspiration of the Holy Scriptures The reader will find profit as well as inspiration from this intriguing study      **Number in Scripture** Ethelbert William Bullinger, 1895      *A Testimony of Jesus Christ - Volume 1* Anthony Charles Garland, 2007 A Commentary on the Book of Revelation Volume 2 The author presents a detailed study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation To understand this controversial book the author explores the many connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel Ezekiel and others It is the author s conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible The commentary is linked to a free companion internet course providing an additional 70 hours of audio instruction linked to
