## **Nuremberg Interviews:**

**The Nuremberg Interviews** Leon Goldensohn, 2007-12-18 During the Nuremberg trials Leon Goldensohn a U S Army psychiatrist monitored the mental health of two dozen Germans leaders charged with carrying out genocide These recorded conversations went largely unexamined for more than fifty years until Robert Gellately one of the premier historians of Nazi Germany made them available to the public in this remarkable collection Here are interviews with the likes of Hans Frank Hermann Goering Ernst Kaltenbrunner and Joachim von Ribbentrop the highest ranking Nazi officials in the Nuremberg jails Here too are interviews with lesser known officials essential to the inner workings of the Third Reich Candid and often shockingly truthful The Nuremberg Interviews is a profound addition to our understanding of the Nazi mind and mission

The Nuremberg Interviews Leon Goldensohn, 2004 Annotation In 1946 with the Nuremberg trials underway Leon Goldensohn a U S army psychiatrist was given the task of interviewing the two dozen German leaders who were under indictment as well as many of the defense and prosecution witnesses The conversations were then left largely unexamined for more than 50 years Now Robert Gellately one of the premier historians of Nazi Germany has transcribed edited and annotated 33 of the interviews and makes them available to the public for the first time in this volume Here are interviews with the highest ranking Nazi officials in the Nuremberg jails including Hans Frank Hermann Goering Ernest Kaltenbrunner and Joachim von Ribbentrop Here too are interviews with the lesser known officials who were nonetheless essential to the workings of the Third Reich Goldensohn was a particularly astute interviewer his training as a psychiatrist leading him to probe the motives the rationales and the skewing of morality that allowed these men to enact an unfathomable evil Often shockingly candid these interviews are deeply disturbing in their illumination of an ideology gone mad Each interview is annotated with biographical information and footnotes that place the man and his actions in their historical context They are a profoundly important addition to our understanding of the Nazi mind and mission *The Nuremberg Interviews* Leon Goldensohn, 2010-01-26 The Nuremberg Interviews reveals the chilling innermost thoughts of the former Nazi officials under indictment at the famous postwar trial The architects of one of history s greatest atrocities speak out about their lives their careers in the Nazi Party and their views on the Holocaust Their reflections are recorded in a set of interviews conducted by a U S Army psychiatrist Dr Leon Goldensohn was entrusted with monitoring the mental health of the two dozen German leaders charged with carrying out genocide as well as that of many of the defence and prosecution witnesses These recorded conversations have gone largely unexamined for more than fifty years Here are interviews with some of the highest ranking Nazi officials in the Nuremberg jails including Hans Frank Hermann Goering Ernest Kaltenbrunner and Joachim von Ribbentrop Here too are interviews with lesser known officials who were nonetheless essential to the workings of the Third Reich Goldensohn was a particularly astute interviewer his training as a psychiatrist leading him to probe the motives the rationales and the skewing of morality that allowed these men to enact an unfathomable evil Candid and often shockingly

truthful these interviews are deeply disturbing in their illumination of an ideology gone mad Each interview is annotated with biographical information and footnotes that place the man and his actions in their historical context and are a profoundly important addition to our understanding of the Nazi mind and mission      **Nuremberg Interviews** Leon

Goldensohn,2010-01-26      **How Hitler Evolved the Traditional Army Establishment** Andrew Sangster,Pier-Paolo Battistelli,Pier Paolo Battistelli,2024-08-30 An examination of Hitler s key military generals and their contributions and failures to the Germany military Under the surveillance of General von Seeckt the Germans re established their military which Hitler utilised for his aggression of recovering Germany s military greatness This book explores some of the leading military figures The often ignored Field Marshal Keitel is explored to see if there were any substance in the Allied belief that this Chief of the OKW was the driving force behind initial German success or was he merely Hitler s lackey and bureaucrat He was derided by his contemporaries because of his unstinting Prussian obedience to Hitler This sense of total compliance was also reflected by General Paulus who although obedient was reluctant to carry out Hitler s barbaric orders relating to Jews and prisoners but otherwise was obedient and trusting of Hitler even though he knew it would lead to military disaster It took time in a Russian prison camp to turn him against the once adored German dictator where he eventually became anti Nazi In striking contrast to the failed Paulus Field Marshal Manstein is examined He was a skilled strategist and tactician and proved this in his victory in France He lacked the social sophistication of many other leading military commanders but he was one of the very few who had the courage to challenge Hitler s military directions and decisions He was eventually dismissed by Hitler and postwar wrote two books to regain his reputation despite the fact he was convicted of war crimes and whether he deserves a pedestal remains with the reader      *The Pursuit of the Nazi Mind* Daniel Pick,2014-05 The remarkable story of how the Allies used psychoanalysis to delve into the motivations of the Nazi leadership and to explore the mass psychology of fascism      Holocaust Denial as an International Movement Stephen E. Atkins,2009-04-30 The end of World War II saw an emergence of Holocaust dissent that began in Europe and has since developed into an international movement with adherents in almost every country in the world At first this denial was fueled by the desire to rehabilitate Adolf Hitler and the Nazi regime in an effort to reestablish a neo Nazi state In the following years coupled with the renewal of anti Semitism this dissent has been used as a means of denying the legitimacy of the state of Israel Despite these motivations the ultimate cause for concern is in the way this denial attracts its members by both challenging the existence of the Holocaust and the testimony of its witnesses By tracing the history causes and spread of Holocaust denial Atkins reveals the dangers this mindset poses to rational thinkers who become vulnerable to fringe ideas This book traces the state of the international Holocaust denial movement in the early 21st century grounding contemporary thought in the history of the movement Since Holocaust deniers have distorted the facts about this mass genocide Atkins discusses just what is known about the Holocaust from historical research conducted since World War II The role of negative racial genetics is explored in

both Hitler's intellectual makeup and among the leaders of the German right wing including historians' assessments of Hitler's anti-Semitism motivations and decision making. Also provided is a roll call of Holocaust dissenters in countries such as the United States, Germany, France, Great Britain, Russia, and Italy among many others. By analyzing the arguments of leaders within this expanding dissention movement, this book demonstrates how extremists build informational links that have wide ranging effects.

**Hitler's Shadow** Richard Breitman, 2011-04 This report is based on findings from newly declassified decades old Army and CIA records released under the Nazi War Crimes Disclosure Act of 1998. These records were processed and reviewed by the National Archives led Nazi War Crimes and Japanese Imperial Government Records Interagency Working Group. The report highlights materials opened under the Act in addition to records that were previously opened but had not been mined by historians and researchers including records from the Office of Strategic Services, a CIA predecessor, dossiers of the Army Staff's Intelligence Records of the Investigative Records Repository, State Dept records, and files of the Navy Judge Advocate General. This is a print on demand report.

*Ethical Rehabilitation After the Holocaust* Paul E. Wilson, 2024-08-29 Genocide murders innocents in a society and it leaves behind moral corruption and societal twistedness. A genocide like the Holocaust can happen only if the normative ethical commitments to honor the fundamental right to life are compromised or abandoned. When a society lives through a genocide, the moral imagination of peoples and collectives, their ethical behaviors, and even the underlying social contract become twisted and broken. Societies and individuals caught within a genocide need an ethical rehabilitation to move a post genocidal society out of its ethical degradation. This book discusses the steps of transitional justice as ethical ways to move individuals and societies away from lingering injustices and toward an equilibrium of justice.

*Evil and International Relations* R. Jeffery, 2007-12-25 This book seeks to determine what is meant by evil when used to describe actors and events in international politics. Focusing on the history of evil in western secular and religious thought, it reintroduces a classical understanding of evil as the means to which we seek to understand otherwise meaningless human suffering.

**The NUREMBERG Interviews** Robert Gellately, 2005

**Lives of Hitler's Jewish Soldiers** Bryan Mark Rigg, 2009 They were foot soldiers and officers. They served in the regular army and the Waffen SS. And remarkably they were also Jewish at least as defined by Hitler's infamous race laws. Pursuing the thread he first unraveled in *Hitler's Jewish Soldiers*, Bryan Rigg takes a closer look at the experiences of Wehrmacht soldiers who were classified as Jewish. In this long awaited companion volume he presents interviews with twenty one of these men whose stories are both fascinating and disturbing. As many as 150,000 Jews and partial Jews or Mischlinge served often with distinction in the German military during World War II. The men interviewed for this volume portray a wide range of experiences: some came from military families, some had been raised Christian, revealing in vivid detail how they fought for a government that robbed them of their rights and sent their relatives to extermination camps. Yet most continued to serve since resistance would have cost them their lives and they mistakenly hoped that by their service they could protect

themselves and their families The interviews recount the nature and extent of their dilemma the divided loyalties under which many toiled during the Nazi years and afterward and their sobering reflections on religion and the Holocaust including what they knew about it at the time Rigg relates each individual s experiences following the establishment of Hitler s race laws shifting between vivid scenes of combat and the increasingly threatening situation on the home front for these men and their family members Their stories reveal the constant tension in their lives how some tried to hide their identities and how a few were even Aryanized as part of Hitler s effort to retain reliable soldiers including Field Marshal Erhard Milch three star general Helmut Wilberg and naval commander Bernhard Rogge Chilling compelling almost beyond belief these stories depict crises of conscience under the most stressful circumstances *Lives of Hitler s Jewish Soldiers* deepens our understanding of the complex intersection of Nazi race laws and German military service both before and during World War II B.I.O.S. Final Report ,1946 International Law Stories John E. Noyes,Laura Anne Dickinson,Mark W. Janis,2007 This title sets the most significant international law cases in their social political and historical context It showcases 13 essays by leading international law experts The essays are organized in three groupings stories about the development of international human rights law stories about the use of international law in the U S legal system and stories about international law s impact on interstate politics and the global economy Experienced international law scholars teachers and practitioners will discover valuable new insights and readers new to international law will find that the book quickly immerses them in the most significant developments in the field *Hitler's Intelligence Chief* Reinhard R. Doerries,2009 By a world renowned specialist in intelligence history The best and definitive book on the subject **Florida State University Research in Review** ,2006 **Beyond the Dreams of Avarice** Nancy H. ### **Nuremberg Interviews Introduction**

In today's digital age, the availability of Nuremberg Interviews books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Nuremberg Interviews books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Nuremberg Interviews books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Nuremberg Interviews versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Nuremberg Interviews books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Nuremberg Interviews books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Nuremberg Interviews books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited

period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Nuremberg Interviews books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Nuremberg Interviews books and manuals for download and embark on your journey of knowledge?
