*Military Men of Feeling* Holly Furneaux,2016-03-25 Military Men of Feeling considers the popularity of the figure of the gentle soldier in the Victorian period It traces a persistent narrative swerve from tales of war violence to reparative accounts of soldiers as moral exemplars homemakers adopters of children on the battlefield and nurses This material invites us to think afresh about Victorian masculinity and Victorian militarism It challenges ideas about the separation of military and domestic life and about the incommunicability of war experience Focusing on representations of soldiers experiences of touch and emotion the book combines the work of well known writers including Charles Dickens Charles Kingsley William Makepeace Thackeray Charlotte Yonge with previously unstudied writing and craft produced by British soldiers in the Crimean War 1854 56 The Crimean War was pivotal in shaping British attitudes to military masculinity A range of media enabled unprecedented public engagement with the progress and infamous blunders of the conflict Soldiers and civilians reflected on appropriate behaviour across ranks forms of heroism the physical suffering of the troops administrative management and the need for army reform The book considers how the military man of feeling contributes to the rethinking of gender roles class and military hierarchy in the mid nineteenth century and how this figure was used in campaigns for reform The gentle soldier could also do more bellicose social and political work disarming anti war critiques and helping

people to feel better about war This book looks at the difficult mixed politics of this figure It considers questions debated in the nineteenth century and which remain urgent today about the relationship between feeling and action and the ethics of an emotional response to war It makes a case for the importance of emotional and tactile military history bringing the Victorian military man of feeling into contemporary debates about liberal warriors and soldiers as social workers     **The Complete Directory of Large Print Books & Serials** ,1988
