Innovative Teaching Strategies in Nursing and Related Health Professions Debra Hagler, Beth L Hultquist, Martha J Bradshaw, 2024-10. The recent pandemic has driven rapid change in educational technology use while the post pandemic phase has driven a desire for intentional social learning and interaction. Revisions will reframe teaching strategies and introduce additional methods to support these developments. Key Revision Changes: Major changes include emphasis and new content on diversity and inclusion, clinical judgment competency based education, and virtual augmented reality. Authors are to provide a crosswalk of product's solution to the competencies and outcomes expected. The most pertinent competencies for users of this text are the NLN Core Competencies of Academic Nurse Educators 2005.

Empowering Novice Academics for Student Success Dr Johann Hugo, 2021-04-26. This book is essential for academics that enter the field of higher education and training as it focuses on preparing teachers and trainers to respond appropriately to student success challenges. Student success is a burning issue both globally and locally. While student achievement is determined by a combination of factors, teachers and their teaching practices do matter. Higher education teachers are expected to fulfil different roles at different times such as planning for curriculum implementation, mentorship, and coaching, facilitating learning resource development, and student assessment. Against this background, the primary purpose of Empowering novice academics for student success. Wearing different hats is building the capacity of novice teachers and trainers to play an influential role in increasing student success throughput.
