Global Communication Thomas L. McPhail,Steven Phipps,2019-10-11 Discusses the players theories and trends that affect how the world communicates and gets their information This book is the most definitive text on multinational communication and media conglomerates exploring how global media influences both audiences and policy makers around

the world. Comprehensively updated to reflect the many fast moving developments associated with this dynamic field this new edition investigates who and where certain cultural products are coming from and why and addresses issues and concerns about their impact all over the world. Global Communication Theories Stakeholders and Trends 5th Edition is framed by two theories. One is World System Theory (WST) which views nations through an economic lens. The other is Electronic Colonialism Theory (ECT) which views nations through a cultural lens. Through these theories the book examines broadcasting, mass media and news services ranging from MSNBC, MTV and CNN to television sitcoms and Hollywood export markets. It investigates the roles of the major players such as News Corp, Sony, the BBC, Disney, Bertelsmann, Viacom or Time Warner and probes the role of advertising and the Internet and their ability to transcend national boundaries and beliefs. New chapters look at the growing importance and significance of other major regions such as the media in the Middle East, Europe and Asia. Outlines the major institutions, individuals, corporations, technologies and issues that are altering the international information, telecommunication and broadcasting order. Focuses on a broad range of issues ranging from social media and new services like Netflix as well as Arab and Asian media. Explains and interprets three major movements or theories: NWICO, Electronic Colonialism and World System Theory. Includes major updates to the chapter on the Internet to incorporate global events over the last 5 years such as Russian use thereof, Facebook, Google, Looks at how streaming services such as Netflix, Amazon, Spotify and more have emerged as dominant players in world entertainment. Offers an updated instructor's website with instructor's manual, test banks and student activities. Global Communication Theories Stakeholders and Trends 5th Edition is intended as an upper level undergraduate text for students in courses on International Global Communication, Global Media Journalism and Media Systems in Journalism, Communications or Media Studies Departments.

Maria Eriksson,Rasmus Fleischer,Anna Johansson,Pelle Snickars,Patrick Vonderau,2019-02-19 An innovative investigation of the inner workings of Spotify that traces the transformation of audio files into streamed experience Spotify provides a streaming service that has been welcomed as disrupting the world of music Yet such disruption always comes at a price Spotify Teardown contests the tired claim that digital culture thrives on disruption Borrowing the notion of teardown from reverse engineering processes in this book a team of five researchers have playfully disassembled Spotify s product and the way it is commonly understood Spotify has been hailed as the solution to illicit downloading but it

began as a partly illicit enterprise that grew out of the Swedish file sharing community Spotify was originally praised as an innovative digital platform but increasingly resembles a media company in need of regulation raising questions about the ways in which such cultural content as songs books and films are now typically made available online Spotify Teardown combines interviews participant observations and other analyses of Spotify s front end with experimental covert investigations of its back end The authors engaged in a series of interventions which include establishing a record label for research purposes intercepting network traffic with packet sniffers and web scraping corporate materials The authors innovative digital methods earned them a stern letter from Spotify accusing them of violating its terms of use the company later threatened their research funding Thus the book itself became an intervention into the ethics and legal frameworks of corporate behavior **Music Playlist Paper** Weezag,2019-05-07 Click or Search Weezag for more fun products Surprise your loved ones Add to cart Buy Now Music Playlist Paper Book This is perfect for people who love building playlists on Spotify or similar streaming services You can create a list of the songs you would include on your dream playlist Perfect for making multiple playlists or as we called them in the old days Mixtapes Page Count 100 Dimensions 7 50 x 9 25 19 05cm x 23 50cm
