**Materializing Space at an Early Modern Prodigy House** James M. Sutton,2004 A single significant Jacobean country house Theobalds provides the focus for this study James Sutton here delves into the cultural and political aspirations of the two men most closely associated with Theobalds William Cecil Lord Burghley 1520 1598 who constructed the building and his second born son and political scion Robert 1st Earl of Salisbury 1563 1612 Attending to the opulent materials and hegemonic spatial codes that enabled Theobalds fabrication this book also demonstrates the enormous costs economic political social but especially familial and personal of building to envious show in the period Neither celebrating nor castigating the Cecils conspicuous consumption at their Hertfordshire estate the author offers a balanced appraisal of the aesthetic strategies through which they promulgated a family narrative The forms of display he emphasizes are those in which Theobalds was particularly strong architecture gardening the decorative arts and above all the occasional drama Through its detailed rhetorical analysis of one house and one family this book provides a fresh view of the complex passage from Elizabethan to Jacobean style poetics Materializing Space at an Early Modern Prodigy House deepens our understanding of how early modern English men and women chose to be represented both to themselves and to others

John Nichols's The Progresses and Public Processions of Queen Elizabeth: Volume V John Nichols,2014 The fifth volume in this annotated collection of texts relating to the progresses of Queen Elizabeth I around England provides 26 appendices a detailed bibliography of primary and secondary sources and the index to Volumes I to V William Cecil, Ireland, and the Tudor State Christopher Maginn,2012-03-15 Explores the relationship between England and Ireland in the Tudor period using William Cecil as a vehicle for historical enquiry Argues that Cecil shaped the course and character of Tudor rule in Ireland in Elizabeth s reign more than any other figure and offers a major reappraisal of this crucial period in the histories of England and Ireland Writing and Reading Royal Entertainments Gabriel Heaton,2010-06-17 This major new study of Elizabethan and Jacobean royal entertainments including country house entertainments tiltyard speeches and court masques is the first to look in detail at the evidence provided by the surviving material texts Drafts royal presentation manuscripts widely circulating scribal copies and printed pamphlets are all carefully placed in their cultural context and the medium of manuscript is shown to have been at least as important as print for these texts circulation From the close collaboration between commissioning host and hired writer to the varied interpretations imposed by copyists and publishers entertainments were written and read within a complex social nexus far from being royal propaganda they reflected the distinct and sometimes competing agendas of monarchs commissioning hosts authors publishers scribal intermediaries and readers Writing and Reading Royal Entertainments explores this interpretative community through a range of texts The first part of the book looks at Elizabethan entertainments the Woodstock entertainment of 1575 Chapter I tiltyard speeches Chapter II and the distinctive features of printed pamphlets and scribal copies notably of the 1602 Harefield entertainment

Chapter III The second part of the book is mostly concerned with Ben Jonson's work for the Jacobean court with chapters on the Merchant Taylors entertainment Chapter IV and the Theobalds entertainment Chapter V The final chapter looks at the texts of court masques especially in the light of Jonson's understanding of the poet's elevated role The book's conclusion takes the story of these material texts beyond the early modern period and looks at how they have been collected bought and sold over the centuries Elizabeth I and Her Circle Susan Doran, 2015-03-26 This is the inside story of Elizabeth I's inner circle and the crucial human relationships which lay at the heart of her personal and political life Using a wide range of original sources including private letters portraits verse drama and state papers Susan Doran provides a vivid and often dramatic account of political life in Elizabethan England and the queen at its centre offering a deeper insight into Elizabeth's emotional and political conduct and challenging many of the popular myths that have grown up around her It is a story replete with fascinating questions What was the true nature of Elizabeth's relationship with her father Henry VIII especially after his execution of her mother What was the influence of her step mothers on Elizabeth's education and religious beliefs How close was she really to her half brother Edward VI and were relations with her half sister Mary really as poisonous as is popularly assumed And what of her relationship with her Stewart cousins most famously with Mary Queen of Scots executed on Elizabeth's orders in 1587 but also with Mary's son James VI of Scotland later to succeed Elizabeth as her chosen successor Elizabeth's relations with her family were crucial but almost as crucial were her relations with her courtiers and her councillors her men of business Here again the story unravels a host of fascinating questions Was the queen really sexually jealous of her maids of honour What does her long and intimate relationship with the Earl of Leicester reveal about her character personality and attitude to marriage What can the fall of Essex tell us about Elizabeth's political management in the final years of her reign And what was the true nature of her personal and political relationship with influential and long serving councillors such as the Cecils and Sir Francis Walsingham Letters of Lord Burghley to Sir Robert Cecil, 1593-8 William Acres, 2017 This is a collection of 128 of William Cecil Lord Burghley's letters to his son Sir Robert Cecil 1593-8

*Explorations in Renaissance Culture*, 2008 **Burghley** Stephen Alford, 2008 William Cecil Lord Burghley 1520-1598 was the closest adviser to England's Queen Elizabeth I and as this revealing and provocative biography shows he was the driving force behind the Queen's reign for four decades Cecil's impact on the development of the English state was deep and personal A committed Protestant he guided domestic and foreign affairs with the confidence of his religious conviction Believing himself the divinely instigated protector of his monarch he felt able to disobey her direct commands He was uncompromising obsessive and supremely self assured a cunning politician as well as a consummate servant This comprehensive biography gives proper weight to Cecil's formative years his subtle navigation of the reigns of Edward VI and Mary I his lifelong enmity with Mary Queen of Scots and his obsession with family dynasty It also provides a fresh account of Elizabeth I and her reign uncovering limitations and concerns about invasions succession and conspiracy Intimate

authoritative and enormously readable this book redefines our understanding of the Elizabethan period      **The Grove Encyclopedia of Northern Renaissance Art** Gordon Campbell,2009-11-26 The Grove Encyclopedia of Northern Renaissance Art GENR deals with all aspects of Northern Renaissance art ranging from artists architecture and patrons to the cities and centres of production vital to the flourishing of art in this period Drawing upon the unsurpassed scholarship in The Dictionary of Art and adding dozens of new entries GENR is a comprehensive reference resource on this important area

*The Huntington Library Quarterly* Henry E. Huntington Library and Art Gallery,2006      **The British National Bibliography** Arthur James Wells,2006      *England's Helicon* Hester Lees-Jeffries,2007 England's Helicon is about one of the most important features of early modern gardens the fountain It is also a detailed study of works by Philip Sidney Edmund Spenser and Ben Jonson and of an influential Italian romance the Hypnerotomachia Poliphili Fountains were strong points in the iconography and structure of gardens symbolically loaded and interpretatively dense soliciting the most active engagement possible from those who encountered them These qualities are registered and explored in their literary counterparts England's Helicon is not a simple motif study of fountains in English Renaissance literature it is rather an investigation of how each might work of how literary fountains both inform and are informed by real fountains in early modern literature and culture While its main focus remains the literature of the late sixteenth century England's Helicon recognises that intertextuality and influence can be material as well as literary It demonstrates that the missing piece needed to make sense of a passage in a play a poem or a prose romance could be a fountain a conduit a well or a reflecting pool in general or even in a specific known garden it also considers portraits textiles jewellery and other artefacts depicting fountains Early modern English gardens and fountains are almost all lost but to approach them through literary texts and objects is often to recover them in new ways This is the double project that England's Helicon undertakes in so doing it offers a new model for the exploration of the interconnectedness of texts images objects and landscapes in early modern literature and culture      **American Book Publishing Record** ,2005      **Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur** ,2006      **Books In Print 2004-2005** Ed Bowker Staff,Staff Bowker, Ed,2004
