antipathy He will share at least some of the limitations of his age and generation while in common with his contemporaries he belongs to a stage of moral and intellectual development in advance of his predecessors At the same time it must be

remembered that a great poet will generally also be in advance of his contemporaries in the fullness with which he realizes the life of his day with its problems and its solutions of those problems and he will represent in some measure whether he

means it or not the standpoint of a later age Pg 1      *The Cults of the Greek States* Lewis Richard Farnell,1909      A
