Modern British Women Writers:

Modern British Women Writers Vicki K. Janik, Del Ivan Janik, 2002-11-30 The 20th century witnessed several major cultural movements including modernism anti modernism and postmodernism These and other means of understanding and perceiving the world shaped the literature of that era and with the rise of feminism resulted in a particularly rich body of literature by women writers This reference includes alphabetically arranged entries on 58 British women writers of the 20th century Some of these writers were born in England while others such as Katherine Mansfield and Doris Lessing came from countries of the former Empire or Commonwealth The volume also includes entries for women of color such as Kamala Markandaya and Buchi Emecheta Each entry is written by an expert contributor and includes an overview of the writer s background an analysis of her works an assessment of her achievements and lists of primary and secondary sources The volume closes with a selected general bibliography

Contemporary British Women Writers Emma Parker, 2004 Essays illustrating the range and diversity of post 1970 British women writers Despite the enduring popularity of contemporary women s writing British women writers have received scant critical attention They tend to be overshadowed by their American counterparts in the media and have come to be represented within the academy almost exclusively by Angela Carter and Jeanette Winterson This collection celebrates the range and diversity of contemporary post 1970 British women writers It challenges misconceptions about the nature and scope of fiction by women writers working in Britain commonly dismissed as parochial insular dreary and domestic and seeks to expand conventional definitions of British by exploring how issues of nationality intersect with gender class race and sexuality Writers covered include Pat Barker A L Kennedy Maggie Gee Rukhsana Ahmad Joan Riley Jennifer Johnston Ellen Galford Susan Hill Fay Weldon Emma Tennant and Helen Fielding Contributors DAVID ELLIS CLARE HANSON MAROULA JOANNOU PAULINA PALMER EMMA PARKER FELICITY ROSSLYN CHRISTIANE SCHLOTE JOHN SEARS ELUNED SUMMERS BREMNER IMELDA WHELEHAN GINA WISKER

Women Writers and the Early Modern British Political Tradition Hilda L. Smith, 1998-03-26 This collection of essays includes studies of women s political writings from Christine de Pizan to Mary Wollstonecraft and explores in depth the political ideas of the writers in their historical and intellectual context The volume illuminates the limitations placed on women s political writings and their broader political role by the social and scholarly institutions of early modern Europe In so doing the authors probe legal and political restraints distinct national and state organisation and assumptions concerning women s proper intellectual interests In this endeavour the volume explores questions and subjects traditionally ignored by historians of political thought and little considered even by current feminist theorists groups who give slight attention to women s political ideas or place women s writings within the social and intellectual structures from which they emerged and which they helped to shape

The History of British Women's Writing, 1610-1690 M. Suzuki, 2011-01-19 During the seventeenth century in response to political and social upheavals such as the English Civil Wars women produced writings in both manuscript and

print This volume represents recent scholarship that has uncovered new texts as well as introduced new paradigms to further our understanding of women's literary history during this period **The History of British Women's Writing,**

1970-Present Mary Eagleton, Emma Parker, 2016-04-29 This book maps the most active and vibrant period in the history of British women's writing Examining changes and continuities in fiction poetry drama and journalism as well as women's engagement with a range of literary and popular genres the essays in this volume highlight the range and diversity of women's writing since 1970 **British Women Short Story Writers** Emma Young, 2015-06-30 Essays tracing the evolving

relationship between British women writers and the short story genre from the late Nineteenth Century to the present day

Post-War British Women Novelists and the Canon Nick Turner, 2010-02-11 With the increasing number of books on contemporary fiction there is a need for a work that examines whom we value and why These questions lie at the heart of this book which by focusing on four novelists literary and popular interrogates the canon over the last fifty years The argument unfolds to demonstrate that academic trends increasingly control canonicity as do the demands of genre the increasing commercialisation of literature and the power of the literary prize Turner argues that literary excellence demonstrated by style and imaginative power is often missing in many works that have become modern classics and makes a case for the value of the universal in literature Written in a jargon free style with reference to many supporting writers the book raises a number of significant cultural questions about the arts fashions and literary reputations of interest to readers in contemporary literary studies **The History of British Women's Writing, 1880-1920** Holly A. Laird, 2016-10-06 The

ranks of English women writers rose steeply in the late 19th and early 20th centuries contributing to the era's revolutionary social movements as well as to transforming literary genres in prose and poetry The phenomena of the new New Women New Unionism New Imperialism New Ethics New Critics New Journalism New Man are this moment's touchstones This book tracks the period's new social phenomena and unfolds its distinctively modern modes of writing It provides expert

introductions amid new insights into women's writing throughout the United Kingdom and around the globe **British Women Writers and the Writing of History, 1670-1820** Devoney Looser, 2000-11-10 Until recently history writing has been understood as a male enclave from which women were restricted particularly prior to the 19th century This work takes a look at British women writers and their contributions to historiography during the long 18th century It asks why rather than writing history that included their own sex some women of this period chose to write the same kind of history as men one that marginalized or excluded women altogether But as Devoney Looser demonstrates although British women's historically informed writings were not necessarily feminist or even female focused they were intimately involved in debates over and conversations about the genre of history British Women's Writing in the Long Eighteenth Century J.

Batchelor, C. Kaplan, 2005-07-25 A constellation of new essays on authorship politics and history British Women's Writing in the Long Eighteenth Century Authorship Politics and History presents the latest thinking about the debates raised by

scholarship on gender and women's writing in the long eighteenth century. The essays highlight the ways in which women writers were key to the creation of the worlds of politics and letters in the period, reading the possibilities and limits of their engagement in those worlds as more complex and nuanced than earlier paradigms would suggest. Contributors include Norma Clarke, Janet Todd, Brian Southam, Harriet Guest, Isobel Grundy, and Felicity Nussbaum. Published in association with the Chawton House Library, Hampshire, for more information visit <http://www.chawton.org>. **British Women Writers** Janet Todd, 1989. A welcome and necessary addition to the reference shelf. *Washington Post Book World*. **Contemporary British Women Writers** Robert E. Hosmer, 1993-01-14. *Contemporary British Women Writers* is a collection of ten essays each devoted to an important novelist and written by a distinguished scholar. Included in this volume are Sybille Bedford, Anita Brookner, A. S. Byatt, Angela Carter, Isabel Colegate, Penelope Fitzgerald, Susan Hill, Molly Keane, Muriel Spark, and Fay Weldon. Each essay focuses on several novels selected to reveal the novelist's consistent concerns and characteristic strategies. Individual bibliographies provide a full sense of the novelist's work as well as a discriminating guide to the best critical work available. **Samuel Richardson** Carol Houlihan Flynn, 1982. **Women Writers and Experimental Narratives** Kate Aughterson, Deborah Philips, 2021-01-23. This book explores the history of women's engagement with writing experimentally. Women writers have long used different narratives and modes of writing as a way of critiquing worlds and stories that they find themselves at odds with, but at the same time as a way to participate in such spaces. Experimentation of style, mode, voice, genre, and language has enabled women writers to be simultaneously creative and critical, engaged in and yet apart from stories and cultures that have so often seen them as other. This collection shows that women writers in English over the past 400 years have challenged those ideas not only through explicit polemic and alternative representations but through disrupting the very modes of representation and story itself. **A Literature of Their Own** Elaine Showalter, 1999-01-17. When first published in 1977, Elaine Showalter's *A Literature of Their Own* quickly set the stage for the creative explosion of feminist literary studies that transformed the field in the 1980s. Launching a major new area for literary investigation, the book uncovered the long but neglected tradition of women writers in England. A generation of students, scholars, readers, and writers have since benefited from the twenty years of rediscovery and appreciation that *A Literature of Their Own* instigated. **Contemporary British Women Writers** Robert E. Hosmer, 1993-01-14. *Contemporary British Women Writers* is a collection of ten essays each devoted to an important novelist and written by a distinguished scholar. Included in this volume are Sybille Bedford, Anita Brookner, A. S. Byatt, Angela Carter, Isabel Colegate, Penelope Fitzgerald, Susan Hill, Molly Keane, Muriel Spark, and Fay Weldon. in the 1980s Launching a major new area for literary investigation the book uncovered the long but neglected tradition of women writers in England A classic of feminist criticism its impact continues to be felt today This revised and expanded edition contains a new introductory chapter surveying the book's reception and a new postscript chapter celebrating the legacy of feminism and feminist criticism in the efflorescence of contemporary British fiction by women

The Cambridge Companion to Modern British Women Playwrights Elaine Aston, Janelle Reinelt, 2000-05-25 This Companion first published in 2000 addresses the work of women playwrights in Britain throughout the twentieth century The chapters explore the historical and theatrical contexts in which women have written for the theatre and examine the work of individual playwrights A chronological section on playwriting from the 1920s to the 1970s is followed by chapters which raise issues of nationality and identity Later sections question accepted notions of the canon and include chapters on non mainstream writing including black and lesbian performance Each section is introduced by the editors who provide a narrative overview of a century of women's drama and a thorough chronology of playwriting set in political context The collection includes essays on the individual writers Caryl Churchill Sarah Daniels Pam Gems and Timberlake Wertenbaker as well as extensive documentation of contemporary playwriting in Wales Scotland and Northern Ireland including figures such as Liz Lochhead and Anne Devlin

Vocational Philanthropy and British Women's Writing, 1790-1810 Patricia Comitini, 2005 Patricia Comitini's study compels serious rethinking of how literature by women in the late eighteenth and early nineteenth centuries should be read Beginning with a description of the ways in which evolving conceptions of philanthropy were foundational to constructions of class and gender roles Comitini argues that these changes enabled a particular kind of feminine benevolence that was linked to women's work as writers The term vocational philanthropy is suggestive of the ways that women used their status as professional writers to instruct men and women in changing gender relations and to educate the middling and laboring classes in their new roles during a socially and economically turbulent era Examining works by Hannah More Mary Wollstonecraft Maria Edgeworth and Dorothy Wordsworth whose writing crosses generic political and social boundaries Comitini shows how women from diverse backgrounds shared a commitment to philanthropy fostering the love of mankind and an interest in the social nature of literacy Their writing fosters sentiments that they hoped would be shared between the sexes and among the classes in English society forging new reading audiences among women and the lower classes These writers and their writing exemplify the paradigm of vocational philanthropy which gives people not money but texts to read in order to imagine societal improvement The effect was to permit the emergence of middle class values linking private notions of morality family and love to the public needs for good citizens industrious laborers and class consolidation

Contemporary Women's Writing Maroula Joannou, 2000 This wide ranging study provides a historically grounded account of women's fiction in the 1960s and the 1970s relating changes in the social structure of Britain and the United States to the literary representations of women's experience Maroula Joannou recounts a time of innovation hope and change in the
