*Kiowa Military Societies* William C. Meadows, 2012-11-08 Warrior culture has long been an important facet of Plains Indian life For Kiowa Indians military societies have special significance They serve not only to honor veterans and celebrate and publicize martial achievements but also to foster strong role models for younger tribal members To this day these societies serve to maintain traditional Kiowa values culture and ethnic identity Previous scholarship has offered only glimpses of Kiowa military societies William C Meadows now provides a detailed account of the ritual structures ceremonial composition and historical development of each society Rabbits Mountain Sheep Horses Headdresses Black Legs Skunkberry Unafraid of Death Scout Dogs Kiowa Bone Strikers and Omaha as well as past and present women s groups Two dozen illustrations depict personages and ceremonies and an appendix provides membership rosters from the late 1800s The most comprehensive description ever published on Kiowa military societies this work is unmatched by previous studies in its level of detail and depth of scholarship It demonstrates the evolution of these groups within the larger context of American Indian history and anthropology while documenting and preserving tribal traditions

*A Dancing People* Clyde Ellis, 2003-10-23 Everywhere they are dancing From Oklahoma City s huge Red Earth celebration to fund raising events at local high schools powwows are a vital element of contemporary Indian life on the Southern Plains Some see it as tradition handed down through the generations Others say it s been sullied by white participation and robbed of its spiritual significance But during the past half century the powwow has become one of the most popular and visible expressions of the dynamic cultural forces at work in Indian country today Clyde Ellis has written the first comprehensive history of Southern Plains powwow culture an interdisciplinary highly collaborative ethnography based on more than two decades of participation in powwows In seeking to determine what powwow people mean by so designating themselves he addresses how the powwow and its role in contemporary Indian identity have changed over time along with its songs and dances and how Indians for nearly a century have used dance to define themselves within their communities A Dancing People shows that whether understood as an intertribal or tribally specific event dancing often satisfies needs and obligations that are not met in other ways and that many Southern Plains Indians organize their lives around dancing and the continuity of culture that it represents As one Kiowa elder explained When I go to these dances I m right where those old people were Singing those songs dancing where they danced And my children and grandchildren they ve learned these ways too because

it's good it's powerful Ellis tells us not only why and how Southern Plains powwow culture originated but also something about what it means He explores powwow's cultural and historical roots tracing suppression by government advocates of assimilation Indian resistance movements internal tribal disputes and the emergence of powerful song and dance traditions He also includes a series of conversations and interviews with powwow people in which they comment on why they go to dances and what the dances mean to them as Indian people An insightful study of performance ritual and culture *A Dancing People* also makes an important statement about the search for identity among Native Americans today *A Comprehensive Curriculum in Dance for Secondary Schools* Nadia Chilkovsky Nahumck,1970 *The People Have Never Stopped Dancing* Jacqueline Shea Murphy,2007 During the past thirty years Native American dance has emerged as a visible force on concert stages throughout North America In this first major study of contemporary Native American dance Jacqueline Shea Murphy shows how these performances are at once diverse and connected by common influences Demonstrating the complex relationship between Native and modern dance choreography Shea Murphy delves first into U S and Canadian federal policies toward Native performance from the late nineteenth through the early twentieth centuries revealing the ways in which government sought to curtail authentic ceremonial dancing while actually encouraging staged spectacles such as those in Buffalo Bill's Wild West shows She then engages the innovative work of Ted Shawn Lester Horton and Martha Graham highlighting the influence of Native American dance on modern dance in the twentieth century Shea Murphy moves on to discuss contemporary concert dance initiatives including Canada's Aboriginal Dance Program and the American Indian Dance Theatre Illustrating how Native dance enacts rather than represents cultural connections to land ancestors and animals as well as spiritual and political concerns Shea Murphy challenges stereotypes about American Indian dance and offers new ways of recognizing the agency of bodies on stage Jacqueline Shea Murphy is associate professor of dance studies at the University of California Riverside and coeditor of *Bodies of the Text Dance as Theory Literature as Dance*
