

A PORTRAIT OF MODERN BRITAIN

Modern Britain

Andrew Marr

Modern Britain:

The Making of Modern Britain Andrew Marr, 2009-10-02 In *The Making of Modern Britain* Andrew Marr paints a fascinating portrait of life in Britain during the first half of the twentieth century as the country recovered from the grand wreckage of the British Empire. Between the death of Queen Victoria and the end of the Second World War the nation was shaken by war and peace. The two wars were the worst we had ever known and the episodes of peace among the most turbulent and surprising. As the political forum moved from Edwardian smoking rooms to an increasingly democratic Westminster the people of Britain experimented with extreme ideas as they struggled to answer the question: How should we live? Socialism, Fascism, Feminism. Meanwhile fads such as eugenics, vegetarianism and nudism were gripping the nation while the popularity of the music hall soared. It was also a time that witnessed the birth of the media as we know it today and the beginnings of the welfare state. Beyond trenches, flappers and Spitfires this is a story of strange cults and economic madness of revolutionaries and heroic inventors, sexual experiments and raucous stage heroines. From organic food to drugs, nightclubs and celebrities to package holidays, crooked bankers to sleazy politicians, the echoes of today's Britain ring from almost every page.

A History of Modern Britain Andrew Marr, 2009-07-03 *A History of Modern Britain* by Andrew Marr confronts head on the victory of shopping over politics. This edition also includes an extra chapter charting the course from Blair to Brexit. It tells the story of how the great political visions of New Jerusalem or a second Elizabethan Age rival idealisms came to be defeated by a culture of consumerism, celebrity and self gratification. In each decade political leaders think they know what they are doing but find themselves confounded. Every time the British people turn out to be stroprier and harder to herd than predicted. Throughout Britain is a country on the edge: first of invasion then of bankruptcy then on the vulnerable front line of the Cold War and later in the forefront of the great opening up of capital and migration now reshaping the world. This history follows all the political and economic stories but deals too with comedy cars, the war against homosexuals, Sixties anarchists, oil men and punks. Margaret Thatcher's wonderful good luck, political lies and the true heroes of British theatre.

Modern Britain, 1750 to the Present James Vernon, 2017-04-20 An introductory textbook charting a global history of modern Britain from 1750 to the present.

12 Days that Made Modern Britain Andrew Hindmoor, 2019 This book offers a history of modern Britain since the late 1970s. Twelve chapters take as their starting point one particularly important day in recent British history and describes what happened on that day and what happened as a result of that day.

Modern Britain Sean Glynn, Alan Booth, 2020-08-17 *Modern Britain* focuses on two major periods of British history: the interwar period and postwar Britain. The authors compare and contrast developments in the two periods dealing with the themes of growth and welfare, industry, labour, social policy, the economy. Combining a narrative with a conceptual and analytic approach, *Modern Britain* provides an end of century review of progress and decline and an essential background to current polemics and major issues of concern. Clearly structured and written, this is an invaluable textbook for students of twentieth century

British history Politics and Social Change in Modern Britain A. F. Thompson,1987 *Modern Britain* John L. Irwin,1993-01-01 Since first publication in 1976 *Modern Britain* has been widely used as a comprehensive and straightforward introduction to some of the most important features of British life today The author provides a clear account of a wide range of topics that are keys to understanding the British culture including the system of government the structure of education the social services family life and the mass media This third edition has been fully revised to take account of important developments and current debates such as whether the monarchy has become too expensive the role of the poll tax in Margaret Thatcher s downfall and the Church of England s decision to ordain women priests While writing this book John Irwin has been particularly conscious of the needs of foreign students but *Modern Britain* will be equally useful to school students in Britain and indeed to anyone with an interest in knowing how modern British institutions developed and how they work today **Early Modern Britain's Relationship to Its Past** Philip Mark Robinson-Self,2019-01-14 This volume considers the reception in the early modern period of four popular medieval myths of nationhood the legends of Brutus Albina Scota and Arthur tracing their intertwined literary and historiographical afterlives The book thus speaks to several connected areas and is timely on a number of fronts its dialogue with current investigations into early modern historiography and the period s relationship to its past its engagement with pressing issues in identity and gender studies and its analysis of the formation of British national origin stories at a time when modern Britain is seriously considering its own future as a nation *Modern Britain : a social history, 1750-1997* , **The Shaping of Modern Britain** Eric Evans,2014-01-14 In this wide ranging history of modern Britain Eric Evans surveys every aspect of the period in which Britain was transformed into the world s first industrial power By the end of the nineteenth century Britain was still ruled by wealthy landowners but the world over which they presided had been utterly transformed It was an era of revolutionary change unparalleled in Britain yet that change was achieved without political revolution Ranging across the developing empire and dealing with such central institutions as the church education health finance and rural and urban life *The Shaping of Modern Britain* provides an unparalleled account of Britain s rise to superpower status Particular attention is given to the Great Reform Act of 1832 and the implications of the 1867 Reform Act are assessed The book discusses the growing role of the central state in domestic policy making the emergence of the Labour party the Great Depression the acquisition of a vast territorial empire Comprehensive informed and engagingly written *The Shaping of Modern Britain* will be an invaluable introduction for students of this key period of British history **Age and Generation in Modern Britain** Jane Pilcher,1995 Covering an increasingly important topic in sociology this book is a thorough and lively introduction to the role and importance of age in contemporary British society Elizabethans Andrew Marr,2020-10 In a brilliantly entertaining living history of the modern United Kingdom Andrew Marr traces how radically we have transformed through the course of Queen Elizabeth II s reign When the Queen stepped up her crown in 1953 at the age of twenty five Britain was a very different nation In this vital

history bestselling author Andrew Marr tells the story of modern Britain through the people who shaped it from Sylvia Plath to Elvis Costello Frank Critchlow to Bob Geldof Zaha Hadid to James Dyson David Attenborough to the Beatles How did our activists our innovators our artists our every kind of mover and shaker define and progress this new Elizabethan era over the last seven decades How did the seventies shape the eighties shape the nineties to incrementally land us where we are today And where exactly is that **The Government of Modern Britain** Frank A. Stacey,1968 Project report for Diploma of Applied Science Nautical Science Family Secrets Deborah Cohen,2017 What did families hide in the past and why By delving into the familial dynamics of shame and guilt Family Secrets investigates the part that families so often regarded as the agents of repression have played in the transformation of social mores from the Victorian era to the present day

Modern Britain Thomas Kingston Derry,1979 **High Minds** Simon Heffer,2022-04-05 An ambitious exploration of the making of the Victorian Age and the Victorian mind by a master historian Britain in the 1840s was a country wracked by poverty unrest and uncertainty there were attempts to assassinate the queen and her prime minister and the ruling class lived in fear of riot and revolution By the 1880s it was a confident nation of progress and prosperity transformed not just by industrialization but by new attitudes to politics education women and the working class That it should have changed so radically was very largely the work of an astonishingly dynamic and high minded group of people politicians and philanthropists writers and thinkers who in a matter of decades fundamentally remade the country its institutions and its mindset and laid the foundations for modern society High Minds explores this process of transformation as it traces the evolution of British democracy and shows how early laissez faire attitudes to the fate of the less fortunate turned into campaigns to improve their lives and prospects The narrative analyzes the birth of new attitudes in education religion and science And High Minds shows how even such aesthetic issues as taste in architecture collided with broader debates about the direction that the country should take In the process Simon Heffer looks at the lives and deeds of major politicians at the intellectual arguments that raged among writers and thinkers such as Matthew Arnold Thomas Carlyle and Samuel Butler and at the great projects of the age from the Great Exhibition to the Albert Memorial Drawing heavily on previously unpublished documents he offers a superbly nuanced portrait into life in an extraordinary era populated by extraordinary people and show how the Victorians pursuit of perfection gave birth to the modern Britain we know today **The Rise of Majority Rule in Early Modern Britain and its Empire** William J. Bulman,2021-04 Explores the emergence of majority rule in the elected assemblies of early modern Britain and its Atlantic colonies over two centuries **Modern Britain** Jan Erik Mustad,2012 The Eclipse of a Great Power Keith Robbins,1983 **1938: Modern Britain** Michael John Law,2017-12-14 In 1938 Modern Britain Michael John Law demonstrates that our understanding of life in Britain just before the Second World War has been overshadowed by its dramatic political events 1938 was the last year of normality and Law shows through a series of case studies that in many ways life in that year was far more modern than might have been thought

By considering topics as diverse as the opening of a new type of pub the launch of several new magazines the emergence of push button radios and large screen televisions sets and the building of a huge office block he reveals a Britain both modern and intrigued by its own modernity that was stopped in its tracks by war and the austerity that followed For some life in Britain was as consumerist secular Americanized and modern as it would become for many in the late 1950s and early 1960s Presenting a fresh perspective on an important year in British social history illuminated by six engaging case studies this is a key study for students and scholars of 20th century Britain

Unveiling the Magic of Words: A Review of "**Modern Britain**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring.
