Modern Chess Openings, Sixth Edition Reuben Fine,C. W. Griffith,2019-11-28 **Players and Pawns** Gary Alan Fine,2015-08-06 A chess match seems about as solitary an endeavor as there is in sports two minds on their own in fierce opposition But is this the case Inevitably these two minds are in dialogue and perhaps might be better understood as partners in play And surrounding that one on one contest is a community life that can be as dramatic and intense as the across the board confrontation Gary Alan Fine has spent years immersed in several communities of amateur and professional chess players children and adults and in *Players and Pawns* he takes readers deep inside these worlds revealing a complex brilliant feisty world of commitment and conflict Opening with a close look at a routine yet financially troubled tournament in Atlantic City Fine carries us from planning and setup through the climactic final day s match ups between the weekend s top players introducing us along the way to countless players and their relationships to the game At tournaments like that one as well as in locales as diverse as collegiate matches and cash games in Manhattan s Washington Square Park players find themselves part of what Fine terms a soft community an open welcoming space built on their shared commitment to the game Within that community chess players find both support and challenges all amid a shared interest in and love of the long standing traditions of the game traditions that help chess players build a communal identity Modern Chess Openings Richard Clewin Griffith,J. H. White,1935 **Batsford's Modern Chess Openings** Nick de Firmian,2009
