Modern Art And Modernism:

Modern Art and Modernism Francis Frascina, Charles Harrison, Deirdre Paul, 1982-12-28 Modern Art and Modernism offers first hand material for the study of issues central to the development of modern art its theory and criticism The history of modern art is not simply a history of works of art it is also a history of ideas and interpretations The works of critics and theorists have not merely been influential in deciding how modern art is to be seen and understood they have also influenced the course it has taken The nature of modern art cannot be understood without some analysis of the concept of Modernism itself Modern Art and Modernism presents a selection of texts by the major contributors to debate on this subject from Baudelaire to Zola in the 19th century to Greenburg and T J Clark on our own times It offers a balanced selection of essays by contributors to the mainstream of Modernist criticism representative examples of writing on the themes of abstraction and expressionism in modern art and a number of important contributions to the discussion of aesthetics and the social role of the artist Modern Art and Modernism FRANCIS. FRASCINA, Taylor & Francis Group, 2019-07-10 Modern Art Pam Meecham, Julie Sheldon, 2000 This textbook provides a comprehensive guide to modern and post modern art The authors bring together history theory and the art works themselves to help students understand how and why art has developed during the 20th century Modern Art and Modernism Francis Frascina, Charles Harrison, Deirdre Paul, 1982 A *Companion to Modern Art* Pam Meecham, 2017-11-10 A Companion to Modern Art presents a series of original essays by international and interdisciplinary authors who offer a comprehensive overview of the origins and evolution of artistic works movements approaches influences and legacies of Modern Art Presents a contemporary debate and dialogue rather than a seamless consensus on Modern Art Aims for reader accessibility by highlighting a plurality of approaches and voices in the field Presents Modern Art's foundational philosophic ideas and practices as well as the complexities of key artists such as Cezanne and Picasso and those who straddled the modern and contemporary Looks at the historical reception of Modern Art in addition to the latest insights of art historians curators and critics to artists educators and more **Modern Art and Modernism** Francis Frascina, 1982 *Enclosed and Enchanted* Rob Bowman, 2000 Published to accompany the Museum of Modern Art touring exhibition 16 July 8 October 2000 **Madness And Modernism** Louis Sass, 1992-10-27 A stunning revelation of the eerie likeness between schizophrenic insanity and the sensibility of modern art literature and thought Madness and Modernism presents a vivid and highly original portrait of the world of the madman along with a provocative commentary on modernist and postmodernist culture Sass a clinical psychologist explores the bizarre experiences of schizophrenia and related conditions through a comparison with the works of various artists and writers including Franz Kafka Paul Valery Samuel Beckett Alain Robbe Grillet Giorgio de Chirico and Marcel Duchamp and by considering the ideas of philosophers such as Friedrich Nietzsche William James Martin Heidegger Michel Foucault and Jacques Derrida The similarities between madness and modernism are striking defiance of authority and convention an extreme often dizzying

relativism which can culminate in paralysis nihilism and all embracing irony a tantalizing uncanny but always frustrating sense of revelation obliteration of standard forms of time and narrative pervasive dehumanization and disappearance of external reality in favor of the omnipotent ego or alternatively dissolution of all sense of selfhood This rigorously argued gracefully written book offers a startlingly new vision of schizophrenia an illness long recognized as the greatest challenge to psychiatric or psychological understanding Conventionally seen as a loss of rationality perhaps involving a return to some infantile or bestial condition schizophrenia according to Sass is better understood as in a sense a disease of hyperrationality with detachment from action emotions and the body and entrapment in forms of acute self consciousness and heightened awareness Sass refuses to romanticize the schizophrenic as a heroic rebel mystic or passionate Wildman arguing instead that this condition echoes many of the most alienating aspects of modern life In an epilogue and appendix he considers whether modern culture might actively contribute to the genesis or shaping of schizophrenic forms of pathology and he discusses the possible role of abnormalities of the brain

The history of twentieth century visual arts can no longer be written as a succession of avant garde movements contends eminent art historian Bernard Smith in this stimulating book He argues that a return to the concept of period style is inevitable and that modernism the dominant style of art that emerged at the end of the nineteenth century and continued through the 1960s deserves recognition as a period style Smith renames this period Formalesque since it is no longer modern and since it emphasizes the formal values of art more than any previous period does In a wide ranging reformulation of art history in the twentieth century the author defines the nature and development of Formalesque an avant garde style that arose between 1890 and the First World War was institutionalized between the world wars and flourished anew between 1945 and 1960 Identifying the Formalesque period says Smith makes it possible also to identify dialectical adversaries such true oppositional avant garde styles of the twentieth century as Dada Surrealism and the Neue Sachlichkeit These constitute the formative elements of the modernism now called postmodernism that became increasingly dominant after 1960 The author locates twentieth century artistic movements and developments in a broad cultural context and concludes with a thought provoking examination of the relation between the Formalesque and European and American cultural imperialism The Art of Modernism Sandro Bocola,1999
