Masters Theses in the Pure and Applied Sciences was first conceived published and disseminated by the Center for Information and Numerical Data Analysis and Synthesis CINDAS at Purdue University in 1957 starting its coverage of theses with the academic year 1955 Beginning with Volume 13 the printing and dissemination phases of the activity were transferred to University Microfilms Xerox of Ann Arbor Michigan with the thought that such an arrangement would be more beneficial to the academic and general scientific and technical community After five years of this joint undertaking we had concluded that it was in the interest of all concerned if the printing and distribution of the volume were handled by an international publishing house to assure improved service and broader dissemination Hence starting with Volume 18 Masters Theses in the Pure and Applied Sciences has been disseminated on a worldwide basis by Plenum Publishing Corporation of New York and in the same year the coverage was broadened to include Canadian universities All back issues can also be ordered from Plenum We have reported in Volume 26 thesis year 1981 a total of 11 048 theses titles from 24 Canadian and 21 8 United States universities We are sure that this broader base for these titles reported will greatly enhance the value of this important annual reference work While Volume 26 reports theses submitted in 1981 on occasion certain universities do report theses submitted in previous years but not reported at the time **Deutschkanadisches Jahrbuch**, 1990 **CPL Bibliography** Council of Planning Librarians, 1979 **International Architecture Yearbook** Images Publishing, Images Publishing Group, 2000 More than 120 projects from around the world were selected for inclusion in this special millennium

Canadians, 1986 The New Waterfront Ann Breen, Dick Rigby, 1996 Making telling use of hundreds of photographs Ann Breen and Dick Rigby analyze key waterfront developments from around the world in seven major themes commercial public enjoyment of the waterfront via cafes and restaurants hotels shopping and socializing cultural and educational in which museums and concert halls ecological parks and modern aquariums are made attractive and accessible historic with a focus on the structures of past generations modernized to take into account today's needs and tastes recreational parks and walkways marinas and play areas residential urban projects rather than resorts and working waterfronts featuring today's continued industrial uses of center city waterfronts an often forgotten aspect of the new waterfront The authors also select some of the most dramatic waterfront makeovers for inclusion in a separate chapter on Major Transformations These include vast projects but also smaller efforts with significant community impact Dozens of schemes are discussed in detail and nearly a hundred are put into context in the illustrated gazetteer at the end of the book revealing waterfront regeneration as a truly universal phenomenon of our time Authoritatively written meticulously researched and spectacularly illustrated The New Waterfront is an indispensable resource for architects urban planners developers landscape designers and students a book that will also have a much wider appeal for anyone lured by the attraction of the water's edge **Architectural Design**
