

Sociology: The Multidimensional Phenomenon

✓ Exclusively available on IvyPanda

Sociology is a multidimensional phenomenon that influences the interpretation of dynamic interactions among people. Research establishes three key sources of the scientific study of society; industrialization, Christianity, and Auguste Comte's theoretical frameworks (Tweedell, 2010). Industrialization is a profound steering factor to sociological practice's emergence and necessity. The intensification of commerce activities attributed to the marginalization of personnel locally and internationally. As a result, individuals faced homelessness and family fragmentations due to the stratification of groups along the wealth possession gradient. Sociology determines the fabrics of intra and inter-personal relationships and the trickle-down effect of proficient growth and development.

Sociology emanates from the institutionalization of cultural constructs. One of the common behavioral responses among people involves seeking references during decision-making. Transcendentally, scholars associate the essence of social learning with the three foundational perspectives (Tweedell, 2010). These quotients on sociological overviews entail structural-functional, interactionist, and conflict. The structural-functional facet argues that society is a well-oiled machine independently operating globally based on the incorporated policies. The conflict dimension focuses on social order as an outcome of struggle and power balance among individuals. The interactionist theorem indicates that conduct among counterparts reflects appeals and perceptions of good and bad endeavors. The significance of dynamically exploring the scientific measure of society enshrines deriving insights on change initiatives.

In conclusion, sociology plays a crucial role as a mediating factor to Christianity and psychological studies. Despite the distinctive perspectives, the professional field contributes to Christianity, justifying the interplay between the two elements. While Christianity renders the biblical meaning of life and interactions, sociology focuses on the nature of relationship-building and the effect of unity. However, certain Christian faiths influence sociological themes, such as believing in God. A sociologist establishes that the key illuminating component of order engulfs the ability of personnel to exchange value on customs, norms and settle on a standard foundation. Sociology addresses

Multidimensional Sociology

Multidimensional Sociology:

Multi-dimensional Sociology Adam Podgórecki, Maria Łoś, 1979 **Culture, Structure and Agency** David Rubinstein, 2001 This book addresses two key issues in sociological theory the debate between structural and cultural approaches and the problem of agency It does this through looking at the work of Marx Weber and Durkheim and the ideas of modern theorists like Pierre Bourdieu Anthony Giddens and Talcott Parsons The book examines economics rational choice theory network theory ethnomethodology and symbolic interactionism **Modern Sociological Theory** George Ritzer, Jeffrey Stepnisky, 2021-02-07 The authors are proud sponsors of the SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre conference teaching and learning workshop Modern Sociological Theory gives readers a comprehensive overview of the major theorists and schools of sociological thought from sociology s 19th century origins through the mid 20th century Written by an author team that includes one of the leading contemporary thinkers the text integrates key theories with with biographical sketches of theorists placing them in historical and intellectual context **Sociological Theory** George Ritzer, Jeffrey Stepnisky, 2021-02-09 The authors are proud sponsors of the SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre conference teaching and learning workshop Sociological Theory gives readers a comprehensive overview of the major theorists and schools of sociological thought from sociology s 19th century origins through the early 21st century Written by an author team that includes one of the leading contemporary thinkers the text integrates key theories with biographical sketches of theorists placing them in historical and intellectual context The Eleventh Edition includes examples of premodern sociological theory from Islamic scholar Ibn Khaldun Harriet Martineau s feminist writings contextualized within the history of sociological thought discussions of actor network theory through Donna Haraway s work on cyborgs and companion species illustrations of historical comparative sociology with Saskia Sassen s concepts of the global city and expulsions and more ways to help students to understand sociology s major theories Included with this title The password protected Instructor Resource Site formally known as SAGE Edge offers access to all text specific resources including a test bank and editable chapter specific PowerPoint slides

Socialization - A Multidimensional Perspective Juri Nervo, Sara Palermo, Rosalba Morese, 2018 This is the first book that highlights how socialization is experienced as being a complex concept in everyday life in various countries of the world The book represents the first attempt to provide an original and multidimensional definition of socialization that takes into account the contribution of different disciplines such as philosophy psychology sociology education and even architecture to underline its importance as a key aspect of human experience Therefore it represents an extraordinary opportunity to outline new horizons in the field □□□□□, 2009 **Darshana International**, 1984 *Pitirim A. Sorokin* Barry V. Johnston, 1995 Pitirim A Sorokin 1889 1968 was one of the most original important and controversial figures in American sociology His

spectacular rise from a peasant childhood in Czarist Russia to the Olympian heights of Harvard University provides an unlikely and fascinating lens for examining the history of an entire discipline And as Barry Johnston shows his equally dramatic fall from favor and unexpected resurrection illuminate both Sorokin s life and the tempestuous world of academic politics An outspoken revolutionary and secretary to Alexander Kerensky Sorokin was imprisoned and ordered executed by Lenin then reprieved and exiled During the 1920s he flourished as a teacher and scholar at the University of Minnesota where he published several pioneering books on the Russian Revolution social mobility sociological theory and rural sociology Harvard president A Lawrence Lowell was so impressed that he recruited Sorokin to chair the university s first department of sociology From 1930 to 1944 the department prospered under Sorokin s leadership attracting an entire generation of young scholars who in their own right would have a profound impact on the discipline In this period Sorokin published several volumes of his magnum opus *Social and Cultural Dynamics* and became embroiled in a bitter battle with rival Talcott Parsons for control of the department Parsons ultimately deposed Sorokin and transformed sociology into the Department of Social Relations Sorokin nevertheless stayed on at Harvard where he established the Center for Creative Altruism but otherwise continued to work in relative obscurity Finally in 1963 after years in eclipse Sorokin was recognized for his accomplishments when he was elected president of the American Sociological Association During a long and distinguished career Sorokin amassed an amazingly diverse and substantial body of work much of which set the standard for the field At the same time he broke with the conventions of sociology frequently ridiculing and taunting his less adventurous colleagues For his heresy the flamboyant Sorokin was condemned and driven to the periphery of a profession anxious for legitimacy as a science As a result Sorokin s ideas have been consistently ignored and misunderstood for more than a quarter century Based on exhaustive research in Sorokin s papers and the Harvard archives as well as interviews with Sorokin s surviving family members former students and colleagues this biography restores Sorokin to his rightful place in the pantheon of American intellectuals

Multidimensional Social Science Johan Galtung, Juan Díez Nicolás, Håkan Wiberg, 2009 *Theoretical Logic in Sociology: The classical attempt at theoretical synthesis: Max Weber* Jeffrey C.

Alexander, 1982 **Classical Sociological Theory** George Ritzer, 1996 This text provides a comprehensive overview of the history of classical sociological theory and the work of classical theorists Key theories are integrated with biographical sketches of the lives of theorists to place readings in their personal and historical context for students

Merwe, A. M. de Jong, J. M. Knapen, 1974 Sociological terminology intended as index for classifying literature Classified arrangement Entries include category descriptors unauthorized terms and related terms Alphabetical index of descriptors and unauthorized terms

Building Cosmopolitan Communities A. Nascimento, 2013-08-13 Building Cosmopolitan Communities contributes to current cosmopolitanism debates by evaluating the justification and application of norms and

human rights in different communitarian settings in order to achieve cosmopolitan ideals Relying on a critical tradition that spans from Kant to contemporary discourse philosophy Nascimento proposes the concept of a multidimensional discourse community The multidimensional model is applied and tested in various dialogues resulting in a new cosmopolitan ideal based on a contemporary discursive paradigm As the first scholarly text to provide an interdisciplinary survey of the theories and discourses on human rights and cosmopolitanism Building Cosmopolitan Communities is a valuable resource to scholars of philosophy political science social theory and globalization studies *Training for Uncertainty* Brian J. Heraud,1981

The American Journal of Sociology Albion W. Small, Ellsworth Faris, Ernest Watson Burgess, 1928 The Active Society Revisited Wilson C. McWilliams, 2006 The Active Society published in 1968 is the most ambitious book in Amitai Etzioni's remarkable career In this new collection of essays Wilson Carey McWilliams brings together scholars in a range of disciplines to analyze the significance and shortcomings of this important work Class, Codes and Control Basil B. Bernstein, 1974 **Culture, Structure, & Agency: Toward a Truly Multidimensional Sociology** , **Crime and Deviance** Graeme R. Newman, 1980-07 The whole series is undoubtedly an important one and successive volumes will be of interest to practitioners and research workers Personality Individual Differences Vol 3 1982
