Multinational Enterprises And Government Intervention:

Multinational Enterprises and Government Intervention Thomas A. Poynter, 2012-11-26 Government intervention can reduce the profits of multinational enterprises These interventions also increase uncertainty and risk and distort trading and intra firm sourcing patterns The focus of this book is a corporate survival plan that describes how a multinational can monitor its exposure to intervention and then seek to reduce it It reports on the successes and failures of firms as they implement various global management systems and recommends a general strategy Such a strategy will allow multinationals to continue foreign investment with the longer term horizons that will benefit both the firms and their host countries

Multinational Enterprises & Government Intervention Thomas A. Poynter, 2013 **The Multinational Enterprise and Legal Control** Cynthia Day Wallace, 2002-04-02 This long awaited new book from Cynthia Day Wallace picks up the thread of her best selling *Legal Control of the Multinational Enterprise* National Regulatory Techniques and the Prospects for International Controls In the present work she applies herself to legal and pragmatic aspects of control surrounding MNE operations The primary focus is on legal and administrative techniques and measures practised by host states to control transparently or less so foreign MNE activity within their territories or even extraterritorially when effects are felt within national boundaries The primary geographic focus is the six most investment intensive industrialized states namely Canada France Germany Japan the United States and the United Kingdom At the same time an important message of the present study is precisely the implication for the developing countries as well as for the emerging market economies of central and eastern Europe and even Asian nations besides Japan because it is the sharing of this very experience of years that can best serve to facilitate a fuller participation on the part of the up and coming economies in the same global market place

Multinational Enterprises and the Global Economy John H. Dunning, Sarianna M. Lundan, 2008-01-01 For many years to come this volume is surely going to be the ultimate reference work on international business thanks to Dunning and Lundan have at their disposal a wealth of relevant data as well as theoretical and empirical analyses which will enable them to assess the capabilities contributions and challenges posed by the multinational enterprises to the global economy Seev Hirsch *International Business Review* *Multinational Enterprises and the Global Economy* has become a classic in international business Yet the book's second edition is even better than the first in part because of Professor Dunning's wise decision to choose Dr Lundan as his co author and to draw upon her deep knowledge of various strands of research on business government relations and the societal effects of firm behaviour In addition to being a remarkably useful reference book *Multinational Enterprises and the Global Economy* is the first book any IB doctoral student should read to understand the significance and richness of IB scholarship as it has developed over the past 50 years Alain Verbeke *Journal of International Business Studies* The second edition of *Multinational Enterprises and the Global Economy* provides unparalleled coverage not only of the literature relevant to IB research but also of the evolution of IB in the world economy Dunning and Lundan

offer powerful insights into the societal effects of MNEs and the role of business government relations in the IB context

Journal of International Business Studies This wonderful book offers the definitive synthesis of the modern literature on the economic aspects of international business It is encyclopedic yet full of incisive insights It is a creative masterpiece which unbundles the DNA of the multinational enterprise and shows how it is the cornerstone of the field of international business

Alan M Rugman University of Reading UK The rise of the multinational enterprise and the consequent globalisation of the world economy was arguably the single most important phenomenon of the second half of the twentieth century This magisterial book written by two leading authorities examines this phenomenon in depth It explains how foreign investment by multinationals diffused advanced technologies and novel management methods driving productivity growth in Europe Asia and North America however economic inequalities were reinforced as rich countries attracted more foreign investment than poor ones This new edition of a classic work is not only an authoritative guide to contemporary multinational business but a major historical resource for the future

Mark Casson University of Reading UK This thoroughly updated and revised edition of a widely acclaimed classic text will be required reading for academics policymakers and advanced students of international business worldwide Employing a distinctive and unified framework this book draws together research across a range of academic fields to offer a synthesis of the determinants of MNE activity and its effects on the economic and social well being of developed and developing countries Unique to the new edition is its focus on the institutional underpinnings of the resources and capabilities of MNEs and the role of MNE activity in transmitting and facilitating institutional change Since the initial publication of this book more than a decade ago the economic managerial and social implications of globalisation and technological advancement have become even more varied and prominent Accompanying these developments there has been a rise in scholarly interest in interdisciplinary research addressing the important challenges of an ever changing physical and human environment Drawing on articles and books from international business and economics as well as economic geography political economy and strategic management a systematic overview of the developments in scholarly thinking is prese

Multinational Enterprises C.F. Sheffer,J.S.G. Wilson,2024-10-28 *Readings in International Business*

Robert Z. Aliber,Reid W. Click,1993 This collection of readings provides a solid grounding in the major practical business decisions that students and managers face in a global setting The organization of the reader emphasizes general patterns of trade and investment flows while examining in depth the reasons for the internationalization of firms and the international dimension of various functional areas including finance accounting marketing and production In six sections the readings take up changes in international ownership patterns corporate strategy international marketing issues the basic financial decisions and taxation issues for a multinational firm and political risk Each section includes an introduction that outlines the basic ideas to be discussed as well as questions key terms and suggestions for further reading
