Jeffrey S. Gaab

Munich Playground:

Munich Jeffrey S. Gaab, 2006 Munich is Germany's most popular city and the Hofbräuhaus is Munich's most famous beer hall. This book explores the connection between beer culture and politics in Munich to examine the crucial role the city has played in the development of modern Germany over the last thousand years. Anyone interested in Germany, Bavaria, or Munich, or anyone who has visited the famed Oktoberfest, will enjoy this fascinating book. This book is ideal for courses in European or German history and culture, political science, urban studies, and sociology. *The Playground*, 1914 *Munich Playground* Ernest R. Pope, 2012-05-01 *Recreation*, 1922 *The De-Judaization of the Image of Jesus of Nazareth (The Virgin Mary) at the Time of the Holocaust: Ensoulment and the Human Ovum* Thomas Alexander Blüger, 2021-03-09 Thomas has been researching his family's Jewish background for the last thirty years. Herein he investigates how his Jewish grandparents and aunt, defined as a nonprivileged Mischling, survived the war while living in the heart of Nazi Germany. This led Thomas to research Hitler's fear of having partial Jewish ancestry and expanded into a full-blown study of following Christianity's understanding of the Jewish identity of Jesus of Nazareth throughout history. Not leaving matters here, Thomas outlines how Marian dogmatic theology used at the time of the Shoah brought to conclusion the Church's long journey in defining the time of ensoulment as articulated in the papal document *Ineffabilis Deus* promulgated by Pius in 1854. This happened twenty-seven years after the discovery of the human ovum in 1827 by Karl Ernst von Baer. Years later, with the emergence of Nazi racial ideology, many anti-Christian Christians attempted to invert Christianity's core message of salvation through faith toward biological ends. This would not do. Roman authorities had consistently held throughout the centuries that faith is about salvation and not about biology. According to that same end, the ideal of ensoulment since the time of the Church's renewed understanding of it beginning in 1854 and indeed as it was first articulated through the writings of Aristotle and received into Christianity through the writings of Saint Augustine and later Thomas Aquinas was newly preserved within the confines of Western civilization. This is the first book the author knows of that follows Augustine's concept of ensoulment as well as Aquinas's thinking on the matter while linking these to Karl Ernst von Baer's discovery of the human ovum in 1827 up until the events of Shoah and beyond. This study is phenomenological in nature in that it does not follow Jesus of Nazareth, the Virgin Mary throughout history but rather follows the image of Jesus of Nazareth, the Virgin Mary, a monumental difference. This study supports the Second Vatican Council, the Church's latest and ongoing efforts in affirming the Jewish identities of both Jesus of Nazareth and the Virgin Mary. John Paul II's call for a purification of memory beginning in a year of Jubilee as well as the many present efforts in Catholic-Jewish relations. This study builds upon the author's past article *Following the Virgin Mary through Auschwitz: Marian Dogmatic Theology at the Time of the Shoah* published in *Holocaust Studies: A Journal of Culture and History* Vol. 14, winter 2008, No. 3, pp. 1-24. *Lion, Eagle, and Swastika* Robert S. Garnett, 2019-06-26 Originally published in 1991, this study analyses the Bavarian monarchist movement.

and its place in the relations between Bavaria and the Reich during the Weimar era with particular emphasis on the period up to 1929 Focusing on Bavaria s peculiar historical position in the Reich as a staunch adversary of strong national political authority the study has been anchored insofar as possible in local level organizational and governmental archival sources It makes extensive use of organizational and personal case studies **Parks** George Burnap,1916 **Current History** ,1922
