Prisons Department, 1912      Killing for Pleasure Bill O'Brien, 2001 The phenomenon of mass murder is a constant reminder that it only takes the actions of one person to devastate the lives of hundreds Bill O'Brien was a police officer at the sharp end of

This book explores the changing image of the criminal in America during the 19th century as portrayed in the journalism fiction and memoirs of the period Starting from the position that crime inherently a political subject can only be understood in its social context the author reviews newspapers such as The National Police Gazette 1845 and The World 1897 to show how journalists reported murders and portrayed such criminals as Langdon W Moore and the assassin Guiteau An examination of the antebellum press the detective story the serial thriller and the fiction of Edgar Allan Poe and George Lippard indicates how fictional crimes and criminals were portrayed The views of police detectives and offenders are reviewed to determine how they viewed the crimes in which they were involved The commentary on 19th century writings notes a gradual loss of critical perspective on crime after a brief period in the antebellum years The critical period linked crime and politics and drew conclusions from the linkages Later as modern society stabilized writings lost a concern about crime's political meanings and consequences The book argues that crime and criminals must not be viewed uncritically as absolute phenomena but rather as dynamic social and political phenomena framed by the values and perspectives of a given society in a given period NCJRS modified     **Secularism, Unphilosophical, Immoral, and Anti-social** James McCann, 1882
