Contesting Islam, Constructing Race and Sexuality Sunera Thobani, 2020-12-10 The current political standoffs of the War on Terror illustrate that the interaction within and between the so called Western and Middle Eastern civilizations is constantly in flux A recurring theme however is how Islam and Muslims signify the Enemy in the Western socio cultural imagination and have become the Other against which the West identifies itself In a unique and insightful blend of critical race feminist and post colonial theory Sunera Thobani examines how Islam is foundational to the formation of Western identity at critical points in its history including the Crusades the Reconquista and the colonial period More specifically she explores how masculinity and femininity are formed at such pivotal junctures and what role feminism has played in the wars against radical Islam Exposing these symbiotic relationships Thobani explores how the return of religion is reworking the racial gender and sexual politics by which Western society defines itself and more specifically defines itself against Islam
Contesting Islam Constructing Race and Sexuality unpacks conventional as well as unconventional orthodoxies to open up new spaces in how we think about sexual and racial identity in the West and the crucial role that Islam has had and continues to have in its development
Islam in a Post-Secular Society Dustin Byrd, 2017-04-11 *Islam in the Post Secular Society* Religion Secularity and the Antagonism of Recalcitrant Faith critically examines the unique challenges facing Muslims in Europe and North America From the philosophical perspective of the Frankfurt School's Critical Theory this book attempts not only to diagnose the current problems stemming from a marginalization of Islam in the secular West but also to offer a proposal for a Habermasian discourse between the religious and the secular By highlighting historical examples of Islamic and western rapprochement and rejecting the clash of civilization thesis the author attempts to find a common language

between the religious and the secular which can serve as a vehicle for a future reconciliation **Hebrew Union College Annual (95)** Hebrew Union College Press,2024-12-31 The Hebrew Union College Annual is the flagship journal of Hebrew Union College Press and the primary face of Hebrew Union College Jewish Institute of Religion to the academic world With a history spanning nearly a century it stands as a chronicle of Jewish scholarship through the twentieth century and into the twenty first **The Heirs of Muhammad** Barnaby Rogerson,2007-02-15 In this book the author recounts the lives of the handful of individuals the first four Caliphs the Prophet s widows and the conquering generals who led and influenced Islam after the death of Muhammad Within this fifty year span of conquest and empire building the author identifies the seeds of discord and civil war that destroyed the unity of Islam and traces the roots of the schism between Sunni and Shia Muslims to the rivalry of the two people who best knew and loved the Prophet his cousin and son in law Ali and his wife Aisha Dust jacket **The American Journal of Islamic Social Sciences** ,2001 **Reasoning with God** Khaled Abou El Fadl,2014-10-23 In light of recent concern over Shari ah such as proposed laws to prohibit it in the United States and conflict over the role it should play in the new Egyptian constitution many people are confused about the meaning of Shari ah in Islam and its role in the world today In Reasoning with God renowned Islamic scholar Khaled Abou El Fadl explains not only what Shari ah really means but also the way it can revitalize and reengage contemporary Islam After a prologue that provides an essential overview of Shari ah Abou El Fadl explores the moral trajectory of Islam in today s world Weaving powerful personal stories with broader global examples he shows the ways that some interpretations of Islam today have undermined its potential in peace and love Rather than simply outlining challenges however the author provides constructive suggestions about how Muslims can reengage the ethical tradition of their faith through Shari ah As the world s second largest religion Islam remains an important force on the global stage Reasoning with God takes readers both Muslim and non Muslim beyond superficial understandings of Shari ah to a deeper understanding of its meaning and potential **The Muslim World Book Review** ,2003 *The Minaret* ,2002 *The Concept* ,2004 *Books In Print 2004-2005* Ed Bowker Staff,Staff Bowker, Ed,2004 **Islam and Jihad** Abdul Gafoor Abdul Majeed Noorani,2002 Eminent Columnist And Legal Expert A G Noorani Delves Into The Rich And Complex History Of Islam And Presents The Case For A Reformist Modern Interpretation Of The Faith And Its Scripture **The Islamic Quarterly** ,2002 **Islamic Civilization** S. M. Ghazanfar,2006-03-30 Review Islamic Civilization History Contributions and Influence A Compendium of Literature is a window to literature pertaining to Islamic history and Islam s contributions to knowledge and its influence in medieval Europe The book is unique in that it presents more than mere annotations it is a collection of literature briefs detailed and focused descriptions of each of the more than six hundred books and articles covered In the post 9 11 environment there has been a surge of interest regarding all things Islamic While much of the new literature is refreshingly positive some works demonstrate a revival of centuries old misconceptions about the Islamic world Islamic Civilization examines that dichotomy

through literature that the author has accumulated over the past twenty years in connection with other research endeavors concerning early Islamic social thought thus most references have a social science humanities orientation Students research scholars and professionals will find this bibliography full of useful resources and a stimulus for further reading BOOK
