Muhammad Al Qadiris Nashr Al Mathani The Chronicles:

Muhammad Al-Qadiris Nashr Al Mathani Muhammad al-Qadiri, Norman Cigar, 1981 **An Edition and Translation of the Chronicles from Muhammad Al-Qadiri's Nashr Al-Mathani** L. Norman Cigar, 1976 **Essays on Islamic Piety and Mysticism** Meier, 2021-11-15 Fritz Meier 1912 1998 is one of the most outstanding Orientalists of this century His publications combine masterful philological method and precision profound and penetrating textual interpretation and a wide ranging familiarity with primary sources which may truly be characterized as phenomenal Among the numerous fields in which he has undertaken original research Persian poetry and Islamic mysticism Sufism in the widest sense stand out in particular His work on Sufism covers the whole of the Islamic world and Islamic history from its beginnings up to the 20th century The present provides for the first time a translation of 15 of Fritz Meier's seminal articles The selected articles deal with the history of Sufism Sufi morals and practices such as dhikr and sam the historical development of the master disciple relationship Ibn Taymiyya's attitude toward Sufism pious devotional practices such as making use of the tasliya essential sources for the history of Sufism in the Maghreb and the Almoravids Extensive indices facilitate the use of this epoch making work Historical Dictionary of Morocco Aomar Boum, Thomas K. Park, 2016-06-02 A historical reference work on Morocco must take as its subject al maghrib al aqsa the far west as the Arabic scholars have generally referred to the approximate region of present day Morocco roughly the north west corner of Africa but at times including much of the Iberian peninsula because the modern nation state is a relatively recent creation owing much to events in the late 19th and early 20th centuries External influences on Morocco tend to come across the narrow straits of Gibraltar to the north from the east along the Mediterranean littoral or up from the Sahara In each case access is constrained by geography and continued control from outside the region has been difficult to manage over the long term Although many of the dynasties that came to power in Morocco conquered much broader regions history and topology have so conspired that there is still more coherence to an historical focus on al maghrib al aqsa than is the case for most modern nation states This third edition of Historical Dictionary of Morocco contains a chronology an introduction a glossary and an extensive bibliography The dictionary section has over 600 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Morocco The Historical Chronicle of Abū 'Abdallāh Maḥammad Ibn Ibrāhīm al-Dukkālī Norman Cigar, 2023-04-12 Ibn Ibr h m al Dukk l s Historical Chronicle edited and translated by Norman Cigar is a valuable contemporary manuscript source from Morocco's poorly documented and seldom studied mid eighteenth century a period marked by weak rulers and conflicts but also a golden age for local political actors and the autonomous power centers in the cities As a well placed observer and active participant in events in his native city of Fes al Dukk l provides unique data that helps us address key questions about cities in the Muslim world raised in multiple disciplines such as whether cities could be considered communities or were simply an

agglomeration of disparate elements and to what extent cities enjoyed autonomy in their relations with the central government and in what sense they were Islamic

Historical Dictionary of Morocco Thomas K. Park, Aomar Boum, 2006-01-16 The Kingdom of Morocco achieved its independence in 1956 after over 40 years as a French protectorate. Since its independence it has further expanded its area of control by reclaiming the formerly international city of Tangier as well as annexing Western Sahara from Spain in the 1970s. In 1777 Morocco became the first nation to recognize the United States and the Moroccan American Treaty of Friendship of 1783 is the oldest unbroken friendship treaty with the U.S. Morocco of the past and present are covered in this second edition of the Historical Dictionary of Morocco. A comprehensive introduction focusing on its history provides a helpful synopsis of the kingdom and is supplemented with a useful chronology of major events. Hundreds of cross-referenced dictionary entries on former rulers, current leaders, ancient capitals, significant locations, influential institutions, and crucial aspects of the economy, society, culture, and religion form the core of the book. A bibliography of sources is included to promote further, more specialized study.

In the Shadow of the Sultan Rahma Bourqia, Susan Gilson Miller, 1999 In contrast, however, to the political scientist's top-down approach, each essay isolates a point of critical intersection between culture writ large and manifestations of political authority. Power as performed and symbolized during Morocco's long dynastic history has also excited the anthropologists, notably Clifford C. Geertz. In Geertz's scheme of things, the country's political life has been dominated by a combustible or extravagant charismatic authority articulated by the ideology of baraka and embodied by the figure of the saint or holy man. This type of authority, so the argument goes, renders the Morocco state intrinsically different from the Weberian model of the traditional but rational state. Not so, reply the volume's contributors.

The Architecture and Memory of the Minority Quarter in the Muslim Mediterranean City Susan Gilson Miller, Mauro Bertagnin, 2010 The Harvard Design School is a leading center for education, information, and technical expertise on the built environment. Its departments of Architecture, Landscape Architecture, and Urban Planning and Design offer masters and doctoral degree programs and provide the foundation for its Advanced Studies and Executive Education programs.

Book Jacket

White Gold Giles Milton, 2006-06-13 Giles Milton's *White Gold* tells the true story of white European slaves in eighteenth-century Algiers, Tunis, and Morocco. An elegantly discursive retelling, customarily elegant prose. Simon Winchester, *The Boston Globe*. In the summer of 1716 a Cornish cabin boy named Thomas Pellow and fifty-one of his comrades were captured at sea by Barbary corsairs. Their captors, Ali Hakem and his network of Islamic slave traders, had declared war on the whole of Christendom. Pellow and his shipmates were bought by the tyrannical sultan of Morocco. Drawn from the unpublished letters and manuscripts of Pellow and survivors like him, Giles Milton's *White Gold* is a fascinating glimpse at a time long forgotten by history.
