every knee shall bow in heaven and on earth and under the earth is bowing together now The risks and challenges are real but so are the dangers of inaction The human race must realize its essential unity and learn to live together harmoniously What better place to experience this than among the redeemed of the Lord The song of redemption and of joy must be sung among the nations and even if the cadences are expressed differently the hearts of believers still must be united in thankful praise of our Redeemer If peace on earth will be a reality before Christ returns the local church should lead the way as they are enabled by the Spirit of Christ Chapters Why the International church The Challenge of Continuity The Power of Experiencing God The Challenges of Multiculturalism The Gospel through Different Eyes Dealing with the Discontent What I Would Do Differently Reclaiming the Future And an appendix Building A Common Narrative in an International Church **O**
