Companion to Accounting and Risk Margaret Woods, Philip Linsley, 2017-03-27 To date there has been little consideration of the many different ways in which accounting and risk intersect despite organisations being more determined than ever to build resilience against potential risks. This comprehensive volume overcomes this gap by providing an overview of the field drawing together current knowledge of risk in a wide range of different accounting contexts. Key themes such as corporate governance, trust, uncertainty and climate change are covered by a global array of contributing scholars. These contributions are divided into four areas: The broader aspects of risk and risk management; Risk in financial reporting; Risk in management accounting; Risk monitoring. The book is supported by a series of illustrative case studies which help to bring together theory and practice. With its wealth of examples and analyses this volume provides essential reading for students, scholars and practitioners charged with understanding diverse facets of risk in the context of accounting in the business world.

Cultural and Technological Influences on Global Business Christiansen, Bryan, Turkina, Ekaterina, Williams, Nigel, 2013-04-30 Technology is a key driver behind the effects of contemporary globalization on business and other organizations worldwide. Understanding this phenomena in connection with the impact of cultural variations can help improve business and product life cycles in an era in which corporate capital and liquidity buffers must be increased for unexpected developments in global markets. *Cultural and Technological Influences on Global Business* is a leading publication in its field emphasizing the importance of deeply exploring the effects of cultures and technologies on the global business sector. This reference source is beneficial for professionals, researchers and practitioners who wish to broaden their understanding of the direct relationship between culture and technology in the international business realm [Management](#)
