Politics and Power in the Multinational Corporation Christoph Dörrenbächer, Mike Geppert, 2011-04-14 This book was first published in 2011 The current financial and economic crisis has negatively underlined the vital role of multinational companies MNCs in our daily lives The breakdown and crisis of flagship MNCs such as Enron WorldCom Lehman Brothers Toyota and General Motors does not merely reveal the problems of corporate malfeasance and market dysfunction It also raises important questions both for the public and the academic community about the use and misuse of power by MNCs in the wider society as well as the exercise of power by key actors within internationally operating firms This book examines how issues of power and politics affect MNCs at three different levels the macro level the meso level and the micro level This wide ranging analysis shows not only that power matters but also how and why it matters pointing to the political interactions of key power holders and actors within the MNC both managers and employees

Transnational Corporations and the Exploitation of Natural Resources Bruce McKern, 1993 The United Nations library on transnational corporations : [international business and the world economy].

7. Governments and transnational corporations Theodore H. Moran, 1993 **Investment Behavior of Multinational Corporations in Developing Areas** Bret Lee Billet, If political power is directly related to economic wealth then multinational corporations are powerful actors in the international system The sales of some are greater than the gross national product of some of the most economically advanced countries in the world This book examines key political and economic factors that influence the behavior of multinationals when they decide where to make direct investments as well as how their investment decisions affect the development process and policies in host countries It also looks for discernible

patterns in the behavior of multinationals that originate in different home countries These include corporations from Development Assistance Committee DAC countries that are members of the Organization of Economic Cooperation and Development OECD Japan and the United States *The Dynamic American Firm* Kenneth Chilton, Murray L. Weidenbaum, Robert Batterson, 2012-12-06 Business is becoming more global more competitive and more knowledge intensive Consequently business executives are being required to reexamine and redefine fundamental relationships both intra and inter company The Dynamic American Firm explores the pivotal factors motivating the organizational changes that are sweeping American business with a particular emphasis on the global marketplace It provides a critical analysis of the forces that are shaping strategies and structures of American business emphasizing that the process of adaption is more important than particular strategies and structures that develop along the way The authors begin by illustrating the external factors that shape the development of the firm including a combination of technological advances and increasingly global markets and proceed to discuss corporate efforts to adapt to this external environment by means of changing relationships with other firms They pay particular attention to the alliances that help American firms establish a presence in overseas markets including the roles of mergers acquisitions strategic alliances and joint ventures The book concludes with a discussion of the internal changes taking place in American firms including shifts in organizational strategy and structure the elimination of middle management and the development of work teams

New Perspectives in International Business Research Maryann P. Feldman, Grazia D. Santangelo, 2008-10-01 Proposes fresh perspectives in IB research by addressing a number of critical issues which criss cross the fields of International Business and International Management This work focuses on management of cultural distance across countries It also focuses on the genesis and development of international entrepreneurs

Sanctions Beyond Borders Kenneth A. Rodman, 2001-10-03 Rodman government Colby College examines the use of sanctions from the early Cold War era through the 1990s including the Helms Burton Law and the Iran Libya Sanctions Act He argues that sanctions are weak and costly measures that damage diplomatic relations particularly when used to prevent key multinational corporations from undertaking economically significant transactions with proscribed nations Annotation copyrighted by Book News Inc Portland OR

Multinational Risk Assessment and Management Wenlee Ting, 1988-03-11 An inclusive treatment of political risk assessment aimed at a readership consisting of students of international business and executives of multinational firms concerned with this issue Ting examines the sociopolitical foundations of the issue approaches to political risk assessment found in the literature micro risk assessment associated with individual projects forms of business macro policy and exchange rates The author also considers host country investments applications of risk rating systems and integration of political risk assessment into a risk return calculus Extremely clear the book is more usable than earlier volumes Choice Ting argues that a preoccupation with catastrophic and revolutionary

changes such as those that occurred in Iran and Nicaragua has skewed models of risk analysis away from the most significant and likely forms of political risk legal regulatory and technocratic changes in the host country toward the much rarer dramatic and cataclysmic event He proposes instead a model based on a micro or project specific analysis and demonstrates how to integrate this analysis and the information it generates into actual international planning and operational decisions abroad International Business Maidment,1995 **Annual Editions** Fred H.
