Allison**

Murder And Justice In Frontier New Mexico 1821-1846:

Murder & Justice in Frontier New Mexico, 1821-1846 Jill Mocho, 1997 This volume recounts eleven homicides in New Mexico during the Mexican period. In colorfully written vignettes the author explores the social and cultural tensions that erupted in lethal violence in this isolated Mexican territory. Homicide in frontier New Mexico was the culmination of violence between family members, between neighbors and against and by foreigners. The author describes and analyzes the murder motive, investigation, trial and sentencing in each case. Even on this remote frontier, civil authorities aggressively applied their legal tools to bring the violent offenders to justice although sentences were rarely executed. Homicide and its aftermath provide an intimate view of social and cultural history. The testimony of farmers, laborers and artisans reveals their struggle to live and prosper in the deserts and mountains of New Mexico. Preceding each chapter is a case summary listing the murder investigators, alcaldes, prosecutors, defenders, lawyers, witnesses and others.

Hispano Bastion Michael J. Alarid, 2024-05-01 In this groundbreaking study, historian Michael J. Alarid examines New Mexico's transition from Spanish to Mexican to US control during the nineteenth century and illuminates how emerging class differences played a crucial role in the regime change. After Mexico won independence from Spain in 1821, trade between Mexico and the United States attracted wealthy Hispanics into a new market economy and increased trade along El Camino Real, turning it into a burgeoning exchange route. As landowning Hispanics benefited from the Santa Fe trade, traditional relationships between wealthy and poor Nuevomexicanos, whom Alarid calls *patrnes* and *vecinos*, started to shift. Far from being displaced by US colonialism, wealthy Nuevomexicanos often worked in concert with new American officials after US troops marched into New Mexico in 1846 and in the process, Alarid argues, the *patrnes* abandoned their customary obligations to *vecinos* who were now evolving into a working class. Ultimately, wealthy Nuevomexicanos, the book argues, succeeded in preserving New Mexico as a Hispano bastion but they did so at the expense of poor *vecinos*.

The Routledge History of Crime in America James Campbell, Vivien Miller, 2024-12-27 Covering a broad chronology from the colonial era to the present, this volume's 28 chapters reflect the diverse approaches, interests, and findings of an international group of new and established scholars working on American crime histories today. The book is organized around major themes in crime history, including violence, science and technology, culture, gender, and organized crime, and it addresses pressing contemporary concerns such as mass incarceration and the racial politics of crime in modern America. It also engages with the history of crime literature, film, and popular culture from colonial execution sermons to true crime television in the twenty-first century. The volume is alert to continuities and diversity over time and place in the history of American crime, notably in chapters on the South, the West, and the impact of urbanization on practices and ideas about crime and law enforcement in different periods of the American past. The Routledge History of Crime in America is an indispensable interdisciplinary resource for students and researchers working in areas of crime, crime policy, punishment, policing, and incarceration.

Hispanics in the U.S. Criminal Justice

System Martin Guevara Urbina,Sofía Espinoza Álvarez,2018-05-07 This updated and expanded new edition resumes the theme of the first edition and the findings reveal that race ethnicity gender class and several other variables continue to play a significant and consequential role in the legal decision making process The book is structured into three sections each of which corresponds to a different body of work on Latinos Section One explores the historical dynamics and influence of ethnicity in law enforcement and focuses on how ethnicity impacts policing field practices such as traffic stops use of force and the subsequent actions that police departments have employed to alleviate these problems A detailed examination of critical issues facing Latino defendants seeks to better understand the law enforcement process The history of immigration laws as it pertains to Mexicans and Latinos explains how Mexicans have been excluded from the United States through anti immigrant legislation Latino officers must cope with structural and political issues the community and media as these practices and experiences within the American police system are explored Section Two focuses on the repressive practices against Mexicans that resulted in executions vigilantism and mass expulsions The topic of Latinos and the Fourth Amendment reveals that the constitutional right of people to be protected against unreasonable searches and seizures has been eviscerated for Latinos and particularly for Mexicans Possible remedies to existing shortcomings of the court system when processing indigent defendants are presented Section Three studies the issue of Hispanics and the penal system The ethnic realities of life behind bars probation and parole the legacy of capital punishment and life after prison are discussed Section Four addresses the globalization of Latinos social control and the future of Latinos in the U S Criminal justice system Lastly the race and ethnic experience through the lens of science law and the American imagination are explored concluding with policy recommendations for social and criminal justice reform and ultimately humanizing differences Written for professionals and students of law enforcement this book will promote the understanding of the historical legacy of brutality manipulation oppression marginalization prejudice discrimination power and control and white America s continued fear about racial and ethnic minorities
