Murder Hurts:

Murder Hurts A. E. Maxwell,1993 Private eye Fiddler and his ex wife turned lover and partner in crime solving Fiora are back in a complex caper that takes them from Hollywood s loftiest circles to the depths of the Mexican underworld The couple root through the past to solve a 20 year old murder that of Fiddler s uncle a smuggler philosopher *Sequels* Janet G. Husband,Jonathan F. Budziszewski,2014-02-27 The college years are full of life defining questions and concerns Dr Budziszewski aka Professor Theophilus offers his expert opinion to help students achieve personal insight about the most controversial and confusing topics they may face The Unnamed Cemore,2012-06-18 Poetry that understands why so many today simply don t like poetry This is poetry for the rest of us These roses might not be red yet here are sown the blossoms of disaccord and while the violets grown here betray even the blues of yesteryore we ll find weakness betrayed and may even discover love to be shorn and cultivated for the benefit of all With razor tenacity and foreboding yet whimsical jest this has something to offend everyone An epic tale about everything and nothing at all It s an offer to come lie in peaceful glade and rage in blood thirsty game to fornicate within the realms forbidden and love as the divinity only yourself can create *Evil and Pain* Joseph B. Onyango Okello,2017-06-15 A specific form of understanding of evil in the problem of evil debate gets assumed among a variety of materialistic naturalists Owing to their physicalist and in some cases behaviorist philosophies this understanding assumes a hedonistic view of pain that reduces valuation to pleasure and pain Herein all forms of good and evil get reduced to pleasure and pain This work reorients the debate toward a more biblical understanding of evil based on an essentialist reading of ethics The book argues that the hedonistic understanding of value characterizing prominent naturalistic materialists such as those alluded to by J L Mackie semantically seems to entail either a synonymous or a near synonymous relationship between evil and pain The book further argues that this understanding given the essentialist reading of ethics seems wrongheaded By reorienting the contours of the debate it suggests that the problem of pain might in effect be quite different from the problem of evil and that neither problem necessarily entails the other Seen in this way neither problem casts doubt on belief in God s existence
