## **New York Nude:**

**Naked New York** Greg Friedler, 1997 Here we see all types of people men and women of all shapes ages colors and classes investment banker junkie bookseller closet queen unemployed pregnant woman actor cashier Harvard grad student retired salesman nanny and security guard among them As diverse and unique as these individuals are one can't help but be struck by the realization that the banker and the junkie are not all that different after all On a basic level we're all the same human and vulnerable Unlike traditional nude photography these lack any overtly erotic or sexual quality they are simply real people who reveal both their public clothed selves and their private naked selves Friedler's approach is akin to the anthropologist His work as a documentary photographer is an investigation into humanity a survey and study of people If clothing is a voluntary choice unclothed we see people in an involuntary state we see their bodies as we see their faces unmasked At once deeply intimate and surprisingly matter of fact these images reveal more of our commonality than our differences **Naked in New York** Jose Musse, 2014-07-04 This volume spotlights the genre of nude and erotic photography by Jos Musse presenting two years of work of original pictures In the course of nine chapters Naked In New York recounts his vision in the erotic photography
