*The Imperial Magazine, Or, Compendium of Religious, Moral, & Philosophical Knowledge* ,1821     *Oahspe* John Ballou Newbrough,2023-12-21 In Oahspe A New Bible in the Light of Modern Science John Ballou Newbrough presents a complex and multifaceted narrative that interweaves spiritual philosophy, cosmology and detailed accounts of the angelic and celestial realms. This unique work written in a stylistic combination of sacred scripture and poetic prose aims to provide a synthesis of various religious traditions while promoting a universal truth that transcends societal divides. Newbrough's text is notable for its rich allegorical content alongside its ambitious endeavor to articulate a new spiritual paradigm informed by contemporary science reflecting the intellectual currents of the late 19th century and the burgeoning spiritualism movement. John Ballou Newbrough an American author spiritualist and psychic was deeply influenced by the spiritualist revival of his time which sought to explore the boundaries of consciousness and the nature of existence. His background encompassing a blend of Eastern and Western religious thought and his visionary experiences fueled his ambition to compose a new religious text that would challenge conventional beliefs and empower individuals to seek direct communion with the divine. Newbrough's own life journey marked by perplexity and enlightenment equips him with a unique perspective on the metaphysical themes addressed in Oahspe. Oahspe is an essential read for anyone interested in the intersections of spirituality religion and metaphysics. It offers a provocative exploration of divine wisdom and cosmic order inviting readers to ponder the nature of existence and their place within the universe.
