Our Navy In The War:

Our Navy in the War Lawrence Perry, 1918 **Our Navy in the War** Lawrence Perry, 2019-12-10

In *Our Navy in the War* Lawrence Perry meticulously documents the pivotal role of the United States Navy during World War I employing a blend of narrative history and analytical critique. Written in a clear accessible style Perry's account captures not only the operational strategies and technological advancements of the Navy but also the human stories that define its legacy. The book is structured thematically weaving together accounts of naval battles the challenges of maritime logistics and the complex political backdrop of wartime America providing readers with both an educational and compelling narrative that reflects the broader context of early 20th century international relations. Lawrence Perry a prominent journalist and naval historian of his time was driven by a deep respect for military service and a desire to accurately represent the sacrifices made during the war. His experiences as a correspondent and his extensive knowledge of naval affairs provided him with a unique perspective allowing him to present a detailed and nuanced portrayal of the Navy's contributions while also advocating for greater recognition of its sacrifices in the public consciousness. Readers interested in military history especially relating to naval warfare will find *Our Navy in the War* an indispensable resource. Perry's insightful analysis and engaging narrative not only illuminate the critical actions of the U S Navy but also serve as a poignant reminder of the valor inherent in the service. This book is essential for anyone wishing to understand the Navy's enduring legacy in global conflict.

Illustrated A contemporary account of the U S Navy's involvement in World War I. From the Foreword: And while our vessels and our fighting men are playing their part on the high seas the counsel of our trained technical experts is eagerly sought and constantly employed by the admiralities of the Allied nations. When the naval history of this war is given to the world in freest detail we shall know just how much our officers have had to do with the strategy of operations adopted by all the Entente navies. It is not violating either ethics or confidence however to say that our influence in this respect has been very potent and that the names of Admiral William S. Benson chief of operations Vice Admiral William S. Sims Admiral Henry T. Mayo and Rear Admiral Albert Gleaves are already names that are to be reckoned with abroad as at home.
