**Our Neighbors, the Koreans** Sister Mary Just, 1946      **Our Neighbors in Korea** John Cope Caldwell, Elsie F. Caldwell, 1961      **A History of Korea** Michael J. Seth, 2010-10-16 In this comprehensive yet compact book Michael J Seth surveys Korean history from Neolithic times to the present He explores the origins and development of Korean society politics and its still little known cultural heritage from their inception to the two Korean states of today Telling the remarkable story of the origins and evolution of a society that borrowed and adopted from abroad Seth describes how various tribal peoples in the peninsula came together to form one of the world s most distinctive communities He shows how this ancient culturally and ethnically homogeneous society was wrenched into the world of late nineteenth century imperialism fell victim to Japanese expansionism and then became arbitrarily divided into two opposed halves North and South after World War II Tracing the past seven decades the book explains how the two Koreas with their deeply different political and social systems and geopolitical orientations evolved into sharply contrasting societies South Korea after an unpromising start became one of the few postcolonial developing states to enter the ranks of the first world with a globally competitive economy a democratic political system and a cosmopolitan and dynamic culture North Korea by contrast became one of the world s most totalitarian and isolated societies a nuclear power with an impoverished and famine stricken population Seth describes and analyzes the radically different and historically unprecedented trajectories of the two Koreas formerly one tight knit society Throughout he adds a rich dimension by placing Korean history into broader global perspective and by including primary readings from each era All readers looking for a balanced knowledgeable history will be richly rewarded with this clear and concise book      **A Concise History of Korea** Michael J. Seth, 2019-11-19 Now in a fully revised and updated edition including new primary sources and illustrations this comprehensive book surveys Korean history from Neolithic times to the present Michael J Seth explores the origins and development of Korean society politics and still little known cultural heritage from their inception to the two Korean states of today Telling the remarkable story of the origins and evolution of a society that borrowed and adopted from abroad Seth describes how various tribal peoples in the peninsula came together to form one of the world s most distinctive communities He shows how this ancient culturally and ethnically homogeneous society was wrenched into the world of late nineteenth century imperialism fell victim to Japanese expansionism and then became arbitrarily divided into two opposed halves North and South after World War II Tracing the post war years since 1945 the book explains how the two Koreas with their deeply different political and social systems and geopolitical orientations evolved into sharply contrasting societies South Korea after an unpromising start became one of the few postcolonial developing states to enter the ranks of the first world with a globally competitive economy a democratic political system and a cosmopolitan and dynamic culture North Korea by contrast became one of the world s most totalitarian and isolated societies a nuclear power with an impoverished and famine stricken population Seth describes and analyzes the

radically different and historically unprecedented trajectories of the two Koreas formerly one tight knit society Throughout he adds a rare dimension by placing Korean history into broader global perspective All readers looking for a balanced knowledgeable history will be richly rewarded with this clear and concise book      **Transactions of the Korea Branch of the Royal Asiatic Society** Royal Asiatic Society of Great Britain and Ireland. Korea Branch, Seoul,1921 Catalogue of the Landis Library in v 3 p 41 61      *A Concise History of Premodern Korea* Michael J. Seth,2016-03-03 Now in a fully revised and updated edition this engaging text provides a concise history of Korea from the beginning of human settlement in the region through the late nineteenth century All readers looking for a balanced knowledgeable history will be richly rewarded with this clear and cogent book      *The Korean Repository* Franklin Ohlinger,1892      *Listening to the Neighbor* Byungohk Lee,2015-05-12 The Trinity can be understood as a social community with members speaking and listening to one another in love or as Luther understood the Trinity as conversation then God s mission essentially involves in mission in dialogue Byungohk Lee contends the church has to embrace the dialogical dimension in missional terms because the triune God is the subject of mission The missional church conversation has taken it for granted that local churches should speak and listen to their neighbors In contrast for many churches in Asia including Korea mission has generally tended to be practiced in a monological rather than dialogical manner The neighbor has not been regarded as a conversational partner of the church but only as the object for its mission In *Listening to the Neighbor* Lee shows that some local churches have participated in God s mission by listening to their neighbors He argues that listening is not a technique but a multifaceted learning process in missional terms The church must nurture its hearts eyes and ears in order to listen to the sigh of its neighbors      *The Forum* Loretta Sutton Metcalf,Walter Hines Page,Joseph Mayer Rice,Frederic Taber Cooper,Arthur Hooley,George Henry Payne,Henry Goddard Leach,1906 Current political social scientific education and literary news written about by many famous authors and reform movements      **Korean Unification and the Positions and Roles of the Four Neighboring Powers** Bae, Jung-Ho,Korea Institute for National Unification (South Korea),2013-01-30 As the debate about unification has recently been enlivened in Korean society the flame of hope for unification is being re kindled However there are still many who focus solely on the enormous costs involved while others remain passive toward the unification issue Particularly members of the younger generation feel satisfied with co existence under an unstable peace as a divided peninsula However as indicated in a special report by the Russian Institute of World Economy and International Relations IMEMO which assessed that North Korea is already in the process of collapse the unification issue is no longer something we can avoid Therefore armed with this consciousness of the problems of our era this project assesses the significance of the recent rekindling of interest in unification and considers a new vision of unification and its potential value dealing intensively with the positions and roles of the four neighboring powers regarding unification as well as ideas for strategic cooperation among South Korea and its powerful neighbors The publication of this project owes much to the diligent efforts of KINU research

associates such as Hyo Min Lee Uichan Ko and Jisuk Park who reviewed and edited the various papers Also the English version of this publication benefited greatly from the accurate translations done by research associates Meredith Rose Shaw and Hyo Min Lee It is the editor s hope that this research project can help both Korean and foreign experts academics and readers to better understand the value of Korean unification and the various positions and roles that can be played by the US Japan China and Russia Chapter 1 A Vision of Korean Unification and Its Value Building Great Power Korea Jung Ho Bae Director Center for International Relations Studies KINU Chapter 2 German Reunification and the European Union Don Jay Yeom Dean Graduate School of Strategic Studies Sungkyunkwan University Chapter 3 The United States and Korean Unification Ralph Hassig and Kongdan Oh The Institute for Defense Analyses IDA Chapter 4 Japan s Role and Position on Korean Unification Takashi Inoguchi President University of Niigata Prefecture Professor Emeritus University of Tokyo Chapter 5 Managing the Path toward Eventual Korean Unification The Chinese Way You Ji Associate Professor School of Social Science International Studies The University of New South Wales Chapter 6 Russia s Role and Position on Korean Unification Alexander Panov Ambassador Extraordinary and Plenipotentiary Chapter 7 Korea s Diplomatic Strategy for Unifying the Korean Peninsula Young Ho Park Senior Research Fellow KINU
