**Scottish Woollens** National Association of Scottish Woollen Manufacturers, 1956      *Our Scottish District Checks* E. S. Harrison, National Association of Scottish Woollen Manufacturers, 1968      **Tweed** Fiona Anderson, 2016-12-15 The story of tweed is tied to a series of social economic and cultural shifts that have molded its development This book considers the historical factors that helped to shape the design characteristics and social meanings of the group of fabrics that we call tweed from their emergence in the 1820s to the present day Including significant new research on tweeds from Harris Tweed to the type used by Chanel this book follows the history of these fabrics from the raw fiber to the finished garment in men s and women s fashion Exploring rural and urban contexts this book reveals the important physical and conceptual relationships of tweed with landscape Anderson shows that contrary to their strong popular associations with tradition tweeds emerged in the Romantic era as a response to the dramatic changes associated with industrialization and urbanization Progressive changes in gender relations are also explored as a major factor in tweed s evolution from associations with particular ideals of masculinity into what is now a truly adaptable fashion textile worn by both sexes This is the first book of its kind to recognize the importance of tweed to fashion innovation today      **Textile Collections of the World** Cecil Lubell, 1976      **Scottish Forestry** , 1969      *Scotland, CEMA and the Arts Council, 1919-1967* Euan McArthur, 2016-04-01 A case study of the relationship between arts and cultural policy and nationalism Scotland CEMA and the Arts Council 1919 1967 Background Politics and Visual Art Policy examines the overlooked significance of Scotland in the development of British arts policy and institutions This study is broadly relevant in an era of political devolution which continues to pose questions for the constituent nations of Britain and their sense of self and collective identities Euan McArthur provides a clear account of the background to and evolution of the Council for the Encouragement of Music and the Arts CEMA and the Arts Council of Great Britain ACGB in Scotland up to the formation of the Scottish Arts Council SAC in 1967 He also presents a study of Scottish visual art policy and activities between 1940 and 1967 assessing the successes and failures of visual art policy in Scotland including the degree to which it evolved differently from England This development leading to the re naming of the Scottish Committee of the ACGB as the SAC prepared the way for the expansion of activities that marked the 1970s and after Based on extensive archival research this book brings to light previously unavailable material not covered in existing accounts of CEMA ACGB      **United Kingdom-Ireland** Cecil Lubell, 1976      Defining Dress Amy De La Haye, Elizabeth Wilson, 1999 This collection of essays brings together many separate but related issues which form the focus of contemporary research into the history of dress Historically in Britain at least investigations of dress were primarily informed by historical and empirical protocols although the symbolic meaning of dress was explored by anthropologists and sociologists who tended to concentrate on either non Western cultures or British or Western sub cultures In recent years these approaches have moved closer together partly as a result of the impact of
