Outcast by his own family and tormented by his abilities, he lives a lonely existence of fear and anxiety. Ingram discovers there are others like him when he becomes aware of Sarah Bollinger, a beautiful clairvoyant who can teach him how to master his power. He has a chance to belong again, but first he must go to her. Douglass Stevens is a man who earns his living by creating death. He wants to return to the warmth of his family home before his secret tears them away forever. Before he can retire, he must kill a man whom he considers to be a brother. Doug's assignment will make him cross paths with Ingram, and for the safety of all, he fights for there can be no loose ends. But how does he kill a man who can see him coming? Both men desire lives of harmony and peace. Their only obstacle is each other.

*The Darkest Forests* Chuck Abella, 2016-07-29. Lie enough and you risk losing the truth entirely. As the Outcasts continue their quest to save the fractured world, both the deceptions and the dangers will grow for the Wizards, Humans, Elf and Morph. They must journey to the Darkest Forests of the Morphs to find another piece of an enchanted weapon and evidence begins to emerge that life like a good story is never what it seems. The broken misfits find themselves caught between the belligerents in the bitter war, the shadowy Custodes and the one they persist in calling the Dark Lord. Through it all, Marcus, Quintus, Octavia, Gwen, Synthyya and Alexia must discern what is truth and what is a lie told to advance a story. Yet as Synthyya notes, truth is a sticky thing like honey but never as sweet. New friends will join the fellowship, old friends may die as prophesied and the Outcasts' pasts continue to entangle their present. But even in the darkest forests, one must look for the light. Sometimes those darkest forests are invisible and other times they are within as much as without. In another excitement packed novel, Chuck Abella picks up where he left off in Book I, *The Lies of Autumn*.
