Outside My Window:

Epistemology of Modality and Philosophical Methodology Anand Vaidya, Duško Prelević, 2023-03-21 This book collects original essays on the epistemology of modality and related issues in modal metaphysics and philosophical methodology. The contributors utilize both the newer metaphysics first and the more traditional epistemology first approaches to these issues. The chapters on modal epistemology mostly focus on the problem of how we can gain knowledge of possibilities which have never been actualized or necessities which are not provable either by logico-mathematical reasoning or by linguistic competence alone. These issues are closely related to some of the central issues in philosophical methodology, notably to what extent is the armchair methodology of philosophy a reliable guide for the formation of beliefs about what is possible and necessary. This question also relates to the nature of thought experiments that are extensively used in science and philosophy. *Epistemology of Modality and Philosophical Methodology* will be of interest to researchers and advanced students working on the epistemology and metaphysics of modality as well as those whose work is concerned with philosophical methodology more generally.

Post Traumatic Poetry Joseph Granados, 2019-08-13 This is a visual description of the dark corners of my mind and soul. Everything written was only written once. I always kept writing even if I messed up. These are all original pieces from my thoughts. I never planned or plotted any of these poems. I just wrote. This is a visual description of my past battles with PTSD, my recklessness, my love for violence. This is a visual description of me being buried alive, learning from loss, and the battles that take place within me every day. The loss of my father, fair-weathered friends, PTSD, Hypervigilance syndrome, depression, anxiety, Agoraphobia, panic, Anger, insomnia, guilt, mistrust, nightmares, detachment, and so on, and so forth. Towards the end, I climb out of my hole; you can too. **YOU ARE NOT ALONE**

Metamorphosis: Thoughts becoming words Dr. Goken Geyi, 2022-11-04 The present book *Metamorphosis: Thoughts becoming Words* is the first poetry collection of Dr. Goken Geyi, who always loves to write poems. The author loves to live within nature, which always inspires her to write poems. The poems in the present collection reflect her love for nature. The author loves to observe things from a butterfly to the vast sky. In fact, she feels that nature brings her the words for her poems. Dr. Goken Geyi loves to express her observations, emotions, and feelings through poetry. She believes that poetry is a way to overcome certain painful experiences and the unpleasant phase of our life. She further believes that poetry is the best way to give a shape to our inexpressible thoughts and observations that we can't discuss with everyone. The present book is written in a very simple language so that the readers could enjoy the poems. Each poem tells a story that will make the
