Outward Urge:

The Outward Urge John Wyndham, Lucas Parkes, 2022-07-12 A hard science fiction masterpiece perfect for fans of Kim Stanley Robinson by one of the twentieth century's most brilliant and neglected writers whom Stephen King called the best writer of science fiction that England has ever produced What does the future hold for a species torn between exploration the outward urge and apparent self destruction First published in 1959 The Outward Urge follows members of the Troon family as humanity extends its reach into space The first vignette follows a Troon to a British space station in 1994 the next to the Moon bases as Earth experiences nuclear war then to Mars and Venus landings when Brazil is the only world power and finally to the asteroids

The Outward Urge, 1972

Flights of Fancy Richard Dawkins, 2021-11-11 Richard Dawkins on how nature and humans have learned to overcome the pull of gravity and take to the skies A masterly investigation of all aspects of flight human and animal A beautifully produced book that will appeal across age groups Alexander McCall Smith

Dawkins has always been an extraordinarily muscular persuasive thinker What feels new here is that he writes with such charm and warmth The Times Have you ever dreamt you could fly Or imagined what it would be like to glide and swoop through the sky like a bird Do you let your mind soar to unknown magical spaces Richard Dawkins explores the wonder of flight from the mythical Icarus to the sadly extinct but spectacular bird *Argentavis magnificens* from the Wright flyer and the 747 to the Tinkerbella fairyfly and the Peregrine falcon But he also explores flights of the mind and escaping the everyday through science ideas and imagination Fascinating and beautifully illustrated this is a unique collaboration between one of the world's leading scientists and a talented artist
