*Our Singing Strength* Alfred Kreymborg,1972      **Our Singing Strength** Alfred Kreymborg,1968      Our Singing Strength Alfred Kreymborg,1929      Writing the Lost Generation Craig Monk,2010-11 Members of the Lost Generation American writers and artists who lived in Paris during the 1920s continue to occupy an important place in our literary history. Rebelling against increased commercialism and the ebb of cosmopolitan society in early twentieth century America they rejected the culture of what Ernest Hemingway called a place of broad lawns and narrow minds. Much of what we know about these iconic literary figures comes from their own published letters and essays revealing how adroitly they developed their own reputations by controlling the reception of their work. Surprisingly the literary world has paid less attention to their autobiographies. In *Writing the Lost Generation* Craig Monk unlocks a series of neglected texts while reinvigorating our reading of more familiar ones. Well known autobiographies by Malcolm Cowley, Ernest Hemingway and Gertrude Stein are joined here by works from a variety of lesser known but still important expatriate American writers including Sylvia Beach, Alfred Kreymborg, Samuel Putnam and Harold Stearns. By bringing together the self reflective works of the Lost Generation and probing the ways the writers portrayed themselves, Monk provides an exciting and comprehensive overview of modernist expatriates from the United States.      Pennsylvania Library and Museum Notes ,1927      **Voices** ,1929      **The Little Magazine Others and the Renovation of Modern American Poetry** Suzanne W. Churchill,2017-03-02 Suzanne Churchill's well researched and superbly crafted study is the first book length treatment of *Others*, an important and neglected little magazine that served as a laboratory for modernist poetic experimentation. In discussions of influential poets such as Mina Loy, Marianne Moore and William Carlos Williams whose careers *Others* helped launch, Churchill counters the notion of Modernism as aesthetically self isolating and socially disengaged. Rather she traces a correspondence between formal innovation and social change in American modernist poetry and argues that this dimension of modernist formalism is lost when poems are studied in isolation. *Others* provides a framework for reassessing the scope and significance of modernist formalism. The little magazine not only anchors modernist poetry in a social context but also leads to new insight into major modernist texts. Churchill's commitment to her subject's broad cultural contexts makes her book important for students and teachers of Modernism as well as for those working in the fields of American poetry and poetics, gender studies, queer theory, periodical studies and cultural studies.      Coming to Light Stanford University. Center for Research on Women,1985 This collection of 16 essays discusses the broad relationship of women poets to the American literary tradition.      *Book Review Digest* ,1930      **American Literature and the Academy** Kermit Vanderbilt,1989-02 This book is a volume in the Penn Press Anniversary Collection. To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1 100 titles from Penn Press's distinguished backlist from 1899-1999 that had fallen out of print. Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas.      **Books for All**
