Out Of Hungary:

Hungarian Language Contact Outside Hungary Anna Fenyvesi,2005-01-01 In Communist times it was impossible to do sociolinguistic work on Hungarian in contact with other languages In the short period of time since the collapse of the Soviet bloc Hungarian sociolinguists have certainly done their very best to catch up This volume brings together the fruits of their work some of which was hitherto only available in Hungarian The reader will find a wealth of information on many bilingual communities involving Hungarian as a minority language The communities covered in the book are located in countries neighboring Hungary Austria Serbia Slovakia Slovenia Romania and Ukraine as well as overseas in Australia and the United States Several of the chapters discuss material derived from the Sociolinguistics of Hungarian Outside Hungary project Throughout the book the emphasis is on how the language use of Hungarian minority speakers has been influenced by the majority or contact language both on a sociolinguistic macro level as well as on the micro level In the search for explanations particular attention is given to typological aspects of language change under the conditions of language contact

Out of Russian Orbit; Hungary Gravitates to the West Andrew Felkay,1997-07-16 Freed from over forty years of Soviet domination Hungary finally was given a chance to determine its own destiny in the last decade of the twentieth century This book takes the reader through the complex period of Hungary's transformation from a Soviet satellite to an independent democratic country with an emphasis on Hungary's finding its place in the post communist world Inspired by the political freedoms and economic successes of Western democracies Hungary rejected the one party rule and command economy and opted for multi party parliamentary democracy and the rapid conversion to a free market economy The book systematically shows the foreign policy priorities set by Hungary's freely elected governments It discusses how Hungary succeeded in freeing itself from the past restraints of the Warsaw Pact and the Comecon and other formal and informal agreements with the Soviet Union and the Socialist bloc countries At the same time the economic difficulties caused by the break up of the Socialist market are considered Hungarian decision makers have unequivocally committed themselves to pursuing economic integration with the European Union and have applied for membership in NATO Unfortunately Soviet enforced harmony has disappeared and old ethnic antagonisms have resurfaced Unless the growing tension between Hungary and its neighbors Slovakia and Romania countries with large Hungarian minorities are resolved their admission into the European Union and NATO will be jeopardized
