## Out Of Malaya:

Out of Malaya Monte Zain,1996    *Out in the Midday Sun* Margaret Shennan,2015-11-01 The story of British Malaya and Singapore from the days of Victorian pioneers to the denouement of independence is a momentous episode in Britain's colonial past. Through memoirs, letters and interviews, Margaret Shennan chronicles its halcyon years, the two World Wars, economic depression and diaspora, revealing the attitudes of the diverse, quixotic characters of this now quite vanished world. The British came as fortune seekers to exploit Asian trade shipped through Penang and Singapore. They found a mature Asian culture in a land of palm-fringed shores and primeval jungle. Like modern Romans, they built townships, defences, communications and hill stations. They spurred a rivalry between the fledgling commercial centres of Singapore, Penang and Kuala Lumpur, and they superimposed their law and established an idiosyncratic political system. They also developed the tin and rubber of the Malay States, encouraging Chinese and Indian immigrants by their open door policy. The outcome was a vibrant, multi-racial society, the most cosmopolitan in the East.

**Squeezed Out of Malaya** Harry Cormac,2021-02-24 This diary is one man's perception of events at the time of the Japanese invasion of Malaya, but there is an underlying account of social history which is equally fascinating. The old Colonial mindset with references to social status and a gentrified way of life. But there is also a note of resilient character implicit in the story. Harry and his friends were thrown so suddenly from being smartly dressed professionals working in offices to cowering evacuees being fired on at the quayside to being survivors on an uninhabited island, injured, barefoot and dirty, before their dignity was once again restored when they reached comparative safety.
