**William Barnes, James Halliday
McDunnough**

Outer Limits Always Darkest:

Outer Limits Stan Timmons, 2003 Paul Stein wakes in a prison cell with no idea why he's been imprisoned or how he got there. One thing is made clear to him by the guards: however he's scheduled to die in three days' time. How could that have happened? What crime could he have possibly committed that would condemn him to death? For Paul, the answers may be found among the secrets of the Nani, the alien invaders who now rule Earth, or simply by looking in a mirror for the body Paul Stein inhabits is not his own.

Charles van Onselen, 2023-03-23 The Three Wise Monkeys trilogy culminates with a forensic examination of South Africa's long struggle to suppress gambling and especially lotteries. The opposition of the Calvinist churches, both Afrikaans and English speaking, had its counterpart in the eager embrace of games of chance by the white working class on the Witwatersrand. Focusing on the career of Rufe Naylor, an Australian bookmaker, horse dealer and entrepreneur who, with the help of a defrocked Portuguese Catholic priest, ran the Lourenço Marques Lottery, *The Quest for Wealth without Work* shows how the efforts of church and state to control the leisure time and morals of the working class intersected with the need to ensure the flow of cheap mine labour from Mozambique. Ultimately, in the suppression of the Lourenço Marques Lottery and in campaigns against pinball machines, dog racing and other social evils, can be seen the emerging outlines of the apartheid police state.
