Outhouses Holly Bollinger, 2005 Contains the history of and musings about that most fundamental of structures

Outhouses by Famous Architects Steve Schaecher, 2000 Outhouses have been much ridiculed and maligned structures thought worthy of only the lowliest of humor and virtually ignored by architectural critics as inconsequential blips in the development of building design And yet as architect Steve Schaecher so poignantly reveals in this collection of renderings architects of genius from time immemorial have used their considerable talents to enhance the beauty and function of the outhouse His extensive research has uncovered a wealth of stunning outdoor bathroom designs that say much about the history of architecture Although Schaecher's friends and family have worried about his obsession with bathroom drawings it is clear that with the publication of this tome his seat in the annals of architectural history will never be put down Here are reproductions of stylish dare we say perfectionist renderings of Thronehenge Wright's Flushing Water the Odor Dame Cathedral the Taj Ma stall Jefferson's Johnnicello Sullivan's Merchants First National Outhouse Le Corbusier's Bidet Savoye Fuller's Geodesic Throne the Hancock's John Building the Centre Pompidoodoo the unmistakable outhouse for that weird looking French museum and many others Each is accompanied by insightful historical and analytical text depending on your definitions of insightful and analytical The preface by architectural critic I P Daley will leave you in no doubt of the importance of this completely nonsensical book

Outhouse Blues David Dick, Plum Lick Publishing, Incorporated, 2009-09 Outhouse Blues is a song of humor and faith and love a prayer for forgiveness a chance to do better for all mankind and other creatures assembled The outhouse is a temporary shelter from misunderstandings a quiet tabernacle for truth with precious time to sort out realities It is well to remember in the community of outhouses there is no perfection only a yearning for it
