Outlaws Woman:

Wanted Women Mary Elizabeth Strunk, 2010-09-18 The iconic photo of Bonnie Parker cigar clenched in jaw pistol in hand says it all America loves its bad girls Now Mary Elizabeth Strunk tells us why *Wanted Women* is a startling look at the lives and legends of ten female outlaws who gained notoriety during the tumultuous decades that bracketed the tenure of FBI director J Edgar Hoover Strunk looks at real life events and fictional portrayals to decipher what our obsession with these women says about shifting gender roles evolving law enforcement practices and American cultural attitudes in general These women's stories reveal what it takes and what it has meant to be a high profile female lawbreaker in America Strunk introduces us to Kathryn Mrs Machine Gun Kelly Ma Barker and Bonnie Parker from the 1930s and from the 1970s we meet heiress turned revolutionary Patty Hearst five other women of the Symbionese Liberation Army and Black Panther Assata Shakur All saw themselves as struggling against an oppressive legal system All became wanted criminals and would play a part in shaping Hoover's legacy And all spent enormous amounts of energy attempting to manipulate public opinion in their favor Strunk argues that each woman's public persona was to some degree invented by Hoover who saw outlaw women as an alarming threat to public morality He went after them with a vengeance but in many ways his obsession only added to their reputations Strunk shows how Hoover's repeated use of popular culture to publicize the threat of violent women initially succeeded in strengthening his FBI but his approach became a liability by the time law enforcement was pitted against the women outlaws of the 1970s The book chronicles the careers of these infamous outlaws both in the real world and in popular culture film ads true crime stories autobiographies as well as Hoover's own forays into filmmaking It boasts 27 compelling images of movie stills wanted posters and other ephemera that have been assembled nowhere else including rarely reproduced SLA artifacts Strunk's book is the first study to define the narrow formula necessary for a woman to cross over from criminal to outlaw Hitting on key notes of American culture from Black and gender studies to cinematic and legal history *Wanted Women* sets a new benchmark for how we view women and crime as it contributes fresh insights into twentieth century social history

Dennis Stostad, 2011-12-30 The Austin Outlaws is a women's professional football team They play full contact NFL rules and have been doing this since the year 2000 Based in Austin Texas they play an eight game schedule in the spring of each year In 2003 I started shooting action photos of Outlaws games and practices In 2011 I started a blog to showcase my photos Along with hundreds of photos the blog includes my insights about football and any other subjects that interest me It is a mixture of serious and silly fun for me to do and fun for fans to visit My blog server suggested creating a book of my blog posts and this is that book It is a collection of selected blog posts taken nearly exactly as they originally appeared in the blog I've done some editing to adapt to the book format The book is fun and a great keepsake for Austin Outlaw players The blog is <http://womenwhoplayfootballplus.blogspot.com>

Terrains in Legal Domains: Interdisciplinary Essays on Women and Law in India Ratna Kapur, (ed.), 1996-12-01 The essays in this volume explore the relatively new field of women and law from interdisciplinary feminist perspectives and help to develop an understanding of feminist legal studies in India. As a collection the book offers insights about women and law as addressed by feminists from the standpoint of both legal and non legal disciplines. Individually the different essays explore the legal terrain through historical and cultural analyses of issues such as women's human rights gender discrimination feminist legal scholarship prostitution conjugality and the representation of female outlaws in cinema. This varied and contextualised approach explodes the understanding of law as an objective external neutral truth. Instead each writer lays open the contradictory nature of law and shows how it frequently becomes a site of political and ideological struggle.
