## **Our Presidents:**

**Author in Chief** Craig Fehrman,2020-02-11 One of the best books on the American presidency to appear in recent years Thomas Mallon The Wall Street Journal Fun and fascinating It s witty charming and fantastically learned I loved it Rick Perlstein Based on a decade of research and reporting Author in Chief tells the story of America s presidents as authors and offers a delightful new window into the public and private lives of our highest leaders Most Americans are familiar with Abraham Lincoln s famous words in the Gettysburg Address and the Eman cipation Proclamation Yet few can name the work that helped him win the presidency his published collection of speeches entitled Political Debates between Hon Abraham Lincoln and Hon Stephen A Douglas Lincoln labored in secret to get his book ready for the 1860 election tracking down newspaper transcripts editing them carefully for fairness and hunting for a printer who would meet his specifications Political Debates sold fifty thousand copies the rough equivalent of half a million books in today s market and it reveals something about Lincoln s presidential ambitions But it also reveals something about his heart and mind When voters asked about his beliefs Lincoln liked to point them to his book In Craig Fehrman s groundbreaking work of history Author in Chief the story of America s presidents and their books opens a rich new window into presidential biography From volumes lost to history Calvin Coolidge s Autobiography which was one of the most widely discussed titles of 1929 to ones we know and love Barack Obama s Dreams from My Father which was very nearly never published Fehrman unearths countless insights about the presidents through their literary works Presidential books have made an enormous impact on American history catapulting their authors to the national stage and even turning key elections Beginning with Thomas Jefferson s Notes on the State of Virginia the first presidential book to influence a campaign and John Adams s Autobiography the first score settling presiden tial memoir Author in Chief draws on newly uncovered information including never before published letters from Andrew Jackson John F Kennedy and Ronald Reagan to cast fresh light on the private drives and self doubts that fueled our nation s leaders We see Teddy Roosevelt as a vulnerable first time author struggling to write the book that would become a classic of American history We see Reagan painstakingly revising Where s the Rest of Me a forgotten memoir in which he sharpened his sunny political image We see Donald Trump negotiating the deal for The Art of the Deal the volume that made him synonymous with business savvy Alongside each of these authors we also glimpse the everyday Americans who read them Combining the narrative felicity of a journalist with the rigorous scholarship of a historian Fehrman delivers a feast for history lovers book lovers and everybody curious about a behind the scenes look at our presidents

## **Our Presidents**

Virginia Townsend,2004-07    *Our Presidents* James Morgan,1924    **Lives of Our Presidents** Ella Hines Stratton,1901

**Our Presidents** Alexander Kelly McClure,1900    **We The Presidents** Ronald Gruner,2022-01-11 WE THE PRESIDENTS explores how American presidents over the last century from Warren G Harding to Donald Trump have shaped today s issues Every generation tends to believe they live in unique times but immigration healthcare civil rights tax policy

income distribution globalization and the evolving role of government have all had their roots in earlier presidencies and continue to affect every American today. Unlike most presidential biographies **WE THE PRESIDENTS** is devoid of politics. A successful presidency is not based on political battles won but rather the well being and prosperity of ordinary citizens. For most Americans that's closely related to their pocketbooks. So throughout the book are discussions covering economic growth, personal income and income inequality, taxation and related topics affecting every American. It's these issues evolving over decades that have woven the American tapestry. **WE THE PRESIDENTS** tells a small part of that remarkable story. **PRAISE FROM EARLY READERS** This well crafted wonderfully readable book takes the reader on a fascinating journey through the tenures of US presidents over the past 100 years highlighting the events that shaped America and the world and offers a candid yet balanced and objective critique of their stewardship. An absorbing and compelling tour de force. Howard Handy held senior management positions at the IMF and Institute of International Finance. So you think you know your presidential history? Think again. Ronald Gruner has and he sees more than most. He has balanced vision and an eye for detail. He has written a knowledgeable and easily read work. It is an excellent investment of your time. It was for me. Jack Falvey, Opinion Writer, *The Wall Street Journal* and Barron's. This highly readable book is a triumph. Author Ronald Gruner with meticulous research has woven a non partisan tapestry embedded with historical parallels as seventeen presidents from Harding to Trump shaped the American century up to the present day when our democracy faces yet another crucial test of its resilience and strength. Nicholas G Penniman, IV Publisher, retired *St Louis Post Dispatch*. Ronald Gruner's clear sighted view of presidents, their times and contexts is extraordinary. We need the Gruner sensibility in the White House. **We the Presidents** is more than an absorbing read; it is a great education about how our country works. Gruner's engaging and straightforward writing brings alive a century of presidencies from Harding to Trump and how their actions have led to what America is today. Phil Cooper, Founder and Managing Partner, Pine Island Capital Partners. Ronald Gruner is uniquely qualified to write a penetrating presidential history. Gruner applied his significant business experience to objectively analyze the impact of past presidencies on today's America. His extraordinary research provides facts rather than opinions. A must read. Dr John R. Patrick, President, Attitude LLC. *Our Presidents*, 1994.
