Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 ,1999 **A Passion for Christ** Thomas F. Torrance,James B. Torrance,David W. Torrance,2010-05-01 In a culture increasingly secular in its pursuits and indifferent to the voice of the church how may we ignite the fire for ministry that will bring the gospel to the world How can weary pastors be sustained amidst a climate of doubt and resistance For more than half a century three remarkable brothers have offered a vision that has inspired thousands in churches and seminaries Today their message remains fresh and relevant as we enter a new millennium And for one reason The Brothers Torrance share a passion for Christ the Christ of the Scriptures the Christ of the historic Nicene faith These essays distill the essence of their thought and shine with the clarity of their shared vision A Passion for Christ is a light of encouragement for ministers and lay people elsewhere **Countercultural** Gil Rendle,2023-05-08 After decades of anti institutionalism here is a book that is honest about the importance of congregations and our need for them in our lives Despite our lack of trust in institutions we cannot live without them and still hope to live together in communities let alone a nation For important reasons our neighborhood institutions of religion congregations hold hope not found in other places Politics and the economy have proven themselves gridlocked and incapable of breaking the narratives of fear and scarcity that now divide us However to step up into public space in order to offer what they hold as so important to these divided times leaders of congregations need to understand why they are so countercultural and why being countercultural is an important role to play This is not a time for congregations to try to fit into the culture and to worry about growing their membership and increasing their finances It is not a time to let organizational anxieties determine next steps What is required is courage leaders courageous enough to speak openly with confidence of what they know congregations courageous enough to seek new forms with which to offer the ancient wisdom that people still search for As much as religious institutions are now needed old forms no longer work in a fast and deeply changing culture Instead of trying to improve what is already known this book will provide a way for congregations to thrive and fulfill their purpose by being countercultural **Eclectic Magazine of Foreign Literature, Science, and Art** ,1901 **The Independent** ,1916 *People v.
