## Our World Of Wonders:

**World of Wonders** Aimee Nezhukumatathil, 2020-09-08 A poet celebrates the wonders of nature in a collection of essays that could almost serve as a coming of age memoir Kirkus Reviews As a child Nezhukumatathil called many places home the grounds of a Kansas mental institution where her Filipina mother was a doctor the open skies and tall mountains of Arizona where she hiked with her Indian father and the chillier climes of western New York and Ohio But no matter where she was transplanted no matter how awkward the fit or forbidding the landscape she was able to turn to our world s fierce and funny creatures for guidance What the peacock can do she tells us is remind you of a home you will run away from and run back to all your life The axolotl teaches us to smile even in the face of unkindness the touch me not plant shows us how to shake off unwanted advances the narwhal demonstrates how to survive in hostile environments Even in the strange and the unlovely Nezhukumatathil finds beauty and kinship For it is this way with wonder it requires that we are curious enough to look past the distractions in order to fully appreciate the world s gifts Warm lyrical and gorgeously illustrated by Fumi Nakamura
