Outer Limits Of Edgar Cayces Power:

The Outer Limits of Edgar Cayce's Power Edgar Evans Cayce, Hugh Lynn Cayce, 2004-01-01 Edgar Cayce America's sleeping prophet was one of the most active and trusted psychics of the 20th century. Thousands of people relied on him for insights into their physical and emotional health, spiritual questions, business prospects, and dreams. His writings still inform us today. Cayce's readings were stunningly accurate; about 85 percent of them hit the mark. But some cases seemed to be beyond his abilities. Why did his powers fail him at times if they in fact did? In *The Outer Limits of Edgar Cayce's Power*, his sons Edgar Evans Cayce and Hugh Lynn Cayce investigate the questions that challenged the prophet's seemingly unlimited psychic abilities. *The Outer Limits of Edgar Cayce's Power* Edgar Cayce, Hugh Lynn Cayce, 1990-06-01 *The Outer Limits of Edgar Cayce's Power* Cayce, Edgar Evans, 2004-01-15 Edgar Cayce America's sleeping prophet was one of the most active and trusted psychics of the 20th century. The Encyclopedic Sourcebook of New Age Religions James R. Lewis, 2004-08-30 In the late 1980s the New Age movement became the focus of both media attention and widespread ridicule as some of the more outlandish aspects of the movement such as channeling and the use of crystals for healing briefly piqued the public's curiosity. While the movement was at its height, scholars of religion generally sneered at what was perceived to be a daffy, shallow craze and ignored it as a subject of serious study. Professor James R. Lewis was among the first to examine this growing religious phenomenon scientifically. In previous books he has investigated the New Age as the most visible manifestation of a significant spiritual subculture, the roots of which reach back to Theosophy, Spiritualism, and New Thought. The present collection pursues this theme, bringing together some of the best recent scholarship on new religions. Since the height of its popular influence, the New Age has declined in strength but has given rise to a plethora of new denominations, all shaped by New Age ideas and spirituality. Reflecting the emergence of this new denominational structure, the core chapters of this book focus on specific groups. Other chapters examine the movement's historical roots. A unique feature of Dr. Lewis's work is his inclusion of extensive selections from New Age literature, thus allowing readers to experience firsthand the unusual perspectives of the various groups. This is a fascinating examination of a significant and persistent religious and social phenomenon. **Catalog of Copyright Entries. Third Series** Library of Congress.
