## **Outside Looking In Bonus Tracks:**

**Outside Looking In** John Corcelli, 2022-12-15 John Corcelli author of Frank Zappa FAQ takes a deep dive into the comedic artistry of George Carlin one of America's most important funny men. From his early radio days to his most successful comedy albums Carlin changed the way stand up comedy was written and performed. He was the king of all media print recordings movies television and the thirteen quintessential HBO Specials that still resonate with fans. Carlin's gift for gab was founded on his ability to understand the human condition and express his politically incorrect views with powerful insights. Carlin's contributions to popular culture have had a salient and lasting impact as a result of their prescience and visionary nature. Along with Lenny Bruce and Richard Pryor Carlin is considered part of the holy trinity of stand up comedy. He opened the door to what was possible in stand up beyond simple joke telling. Jon Stewart Bill Maher and Stephen Colbert all owe a little something to their success today from the groundbreaking work of George Carlin. In **Outside Looking In** Corcelli reveals how Carlin's mother nurtured him as a child performer his stint in the USAF his first act with Jack Burns and how he was able to transition from a clean cut performer doing the Hippy Dippy Weatherman into the counter culture satirist with a ponytail.
