Outsourcing Downsizing And Reengineering:

Outsourcing, Downsizing, and Reengineering Albert J. Marcella, 1995-01-01 *Digital Literacy for Technical Communication* Rachel Spilka, 2009-12-04 Digital Literacy for Technical Communication helps technical communicators make better sense of technology's impact on their work so they can identify new ways to adapt, adjust, and evolve, fulfilling their own professional potential. This collection is comprised of three sections, each designed to explore answers to these questions: How has technical communication work changed in response to the current digital writing environment? What is important foundational knowledge in our field that all technical communicators need to learn? How can we revise past theories or develop new ones to better understand how technology has transformed our work? Bringing together highly regarded specialists in digital literacy, this anthology will serve as an indispensable resource for scholars, students, and practitioners. It illuminates technology's impact on their work and prepares them to respond to the constant changes and challenges in the new digital universe.

Engineering Libraries Thomas W. Conkling, Linda R. Musser, 2014-04-23 Provide top flight services in this highly specialized field. This groundbreaking book provides state-of-the-art information on one of the most useful library specialties. *Engineering Libraries: Building Collections and Delivering Services* is designed for information professionals at all levels of expertise, from new practitioners to specialists in science and engineering. It shows how you can provide top notch service by designing programs around the genuine needs of the users. Previous books in this field have generally covered only the engineering literature and databases. However, *Engineering Libraries* focuses on the practical aspects of providing user friendly information services in an engineering environment. The suggestions and advice are eminently practical and designed for immediate usability. It also reviews the state of scientific communication and progress toward digital libraries. *Engineering Libraries* offers solid expertise on the fundamental issues of this branch of information science, including establishing a collection, innovative uses of the Web, instructing users, assessing services, providing services to varied user populations. *Engineering Libraries* is an essential resource for librarians in science, technology, and engineering programs. It is also a valuable text for graduate students and faculty in library science.

Communicating Sustainability Walter Leal Filho,2000 Prepared as a contribution to the Rio 10 process this book offers a wide range of views and perspectives on sustainability per se and on environmental education and communication in particular It is being published in the framework of the project Sustainability Centres in the North Sea Region but significantly enhanced to include case studies and examples of on going works in a number of industrialised and developing nations This publication is thanks to its scope and international nature of interest to anyone concerned with the sustainability debate one of the most important matters in the 21st Century

The New Corporate Cultures Terrence E. Deal,Allan A. Kennedy,2008-08-05 In the early 80s Allan Kennedy and Terry Deal launched a new field of inquiry and practice with the publication of *Corporate Cultures* in which they argued that distinct types of cultures evolve within companies and have a direct impact on strategy and performance Fifteen years later the authors have teamed up to assess the effects of globalization short termism technology downsizing outsourcing mergers and reengineering on corporate culture They find that despite these tremendous pressures organizations by their very nature will create self reinforcing communities the pattern today is for mini cultures to form within the larger corporation The challenge for managers and leaders at all levels is to find ways to knit these cultures together to unleash learning and encourage everyone to take ownership and pride in their work Taking examples from innovative companies around the world the authors offer new strategies for exercising cultural leadership rebuilding the cultural fabric of the organization energizing the workforce enhancing corporate performance and preparing for new challenges in the 21st century
