The Long Conquest Sanghamitra Misra, 2024-04-30 This book is an enquiry into the elision of the figure of the sovereign cotton producing Garo in the colonial archive and its savage transformation into imperialism s quintessential primitive in the period between 1760 CE and 1900 CE The precolonial political economy of hill cotton produced by the Garos its unhinging from the exercise of Garo sovereignty and its eventual commodification twined with the deterritorialization of the community as it made way for elephant mehals and reserved forests form the kernel of the book This history is seen as participating in and mirroring analogous processes of colonization across vast contiguous swathes of India including Mymensingh Chittagong Bhagalpur the Khasi hills and the Cachar valley A central theme explored is the long history of Garo rebellions and their rationality examined in conjunction with contiguous polities such as that of the Khasis even as the book follows the growing arc of colonial power in eastern and northeastern India as it converted territory and revenue appropriated through conquest into dominium The book makes an

original contribution to the historiography of the colonial state the tribe and primitivism by making a case for the welded histories of war ethnogenesis revenue extraction and anthropological knowledge otherwise often studied as disparate fields of scholarship It therefore also offers a new interpretation of the history of the colonization of eastern and northeastern India The book will be of interest to academics and researchers of these regions and of empire and political economy law and primitivism and anthropology and colonial revenue The Survey of Western Palestine Sir Charles Warren, Claude Reignier Conder, 1889 American Journal of Numismatics ,1902 *An History of the Holy Bible* Thomas Stackhouse, 1787
