## **Monday Manna:**

**Monday Manna** , *Gospel Medicine* Barbara Brown Taylor, 1995-02-25 Gospel medicine is Barbara Taylor's metaphor for the healing power of God seen in the active and ongoing restoration of this broken world. In this new collection of sermons she practices the old-fashioned art of gospel home remedies like a true evangelist summoning with piercing clarity and wit the Old and New Testament stories that have the power to mend our spirits, strengthen our weaknesses, and restore us to wholeness. Scripture comes to life in the contemporary people and places of which Taylor speaks. Georgia apple growers become God's sharecroppers of the gospel parable through Mary's embracing of her role as God-bearer; we are dared to take risks in our own discipleship in Jonah's angry stand-off with God; we see reflections of our own struggles with a God who is more forgiving than we want him to be; with tender awe after years of waiting Sarah wipes her hands on her apron and goes to tell Abraham she is to bear a child. Through the stories of Scripture Taylor addresses with moving simplicity the contemporary wounds of anger, abandonment, fear of judgment, and a longing for home, healing, and mercy. *Monday Manna* Dora Isaac, 2005-03-30 Monday Manna is a weekly food supplement for the mind. Chew on it at the beginning of the workweek and stay focused with the help of the weekly activity which follows each piece of spiritual stimulant. Through Bible incidents and other anecdotes the author gives a spiritual perspective on everyday issues including personal growth, parenting, emotional health, and joyful, productive living. The subject matter will easily become the topic for positive conversations with friends on the telephone or workmates riding the elevator. The format is good for personal use as well as group devotions. But this is not just another devotional. It is an energizer that will propel you gently but boldly into a purposeful, enjoyable living.

**Adventist Heritage of Health, Hope, and Healing** William C. Andress, 2013-11 In mid-1800s America, in a milieu where thousands were dying prematurely from tuberculosis, dysentery, yellow fever, cholera, diphtheria, smallpox, and even malaria, God raised up a people with a salvific message, both physically and spiritually. In *Adventist Heritage of Health, Hope, and Healing*, readers will be spellbound by stories of The fledgling Western Health Reform Institute, which became the largest health care institute of its kind. The 5,000 miracle that led to the founding of Loma Linda University Medical Center, one of the nation's premier medical facilities in southern California. The China Doctor, Grandma Whitney, and the humble academician with three doctorate degrees who have influenced thousands through an integration of practical religion and health. The prophetic Comprehensive Health Vision that outlines a 10-step program for adding years to your life. In this book, Dr. Andress explores little-known historical connections that coalesce into a persuasive case for a Christian theology of healing and wellness. Throughout the book, personal anecdotes and illustrations provide a vivid and tangible portrait of a man seeking to better understand and live out the divine plan for health of body, mind, and soul. A compelling work. John Wesley Taylor, V. Ph.D., Professor of education, philosophy, and research, Southern Adventist University. If the health should be as sacredly guarded as the character, Child Guidance, page 342, then this volume is as valuable as any.
