Mongolia Today:

Mongolia Today Dendevin Badarch, Raymond A. Zilinskas, 2015-10-23 This is a wide ranging collection of essays written by experts in the field. The variety of topics provide an interdisciplinary approach to the study of contemporary Mongolia. Topics include the impact of industrialization in Mongolia, environmental policies of the nation, the status of modern biotechnology in Mongolia, Mongolian dairy products, traditional husbandry techniques practised by nomadic people, a description of medicinal plants and their uses in Mongolian traditional medicine, descriptions of unique Mongolian birds, fishes and microbiota, discussion of the fascinating flora and fauna of the Gobi region, and a conservation case study of the endangered Gobi bear.

Mongolia Facts On File, Incorporated, 2003 This work explores the history and lifestyle of a society that has long fascinated the Western world. It offers a study of various political, economic, social and cultural changes Mongolians have endured over the past 800 years. A resource for both student and general readers.

Mongolia Today Shirin Akiner, 2023-10-13 First published in 1991, *Mongolia Today* presents a collection of essays by leading scholars in the field and gives important insights into the economic, political, legal and military systems of Mongolia. The Mongolian People's Republic, formerly known as Outer Mongolia, is three times the size of France but has a population of just two million. Sandwiched between Russia and China, this remote heartland of Asia has long been one of the most inaccessible places in the world, its isolation preserved by political as well as geographical barriers. The modern history of Mongolia has been dominated by its two great neighbours, strong economic and political ties with the erstwhile Soviet Union, and problematic relations with China. Relations with the West have been slow to develop. Post cold war, Mongolia is willing to explore new relationships with other parts of the world and transform this once isolated land into a trading partner of international potential. This is an essential read for scholars and researchers of Central Asian studies, Asian politics and Chinese studies.

Mongolia in the Twentieth Century Stephen Kotkin, Bruce Allen Elleman, 2015-02-12 The remote vastness of Mongolia has remained somewhat of a mystery to most Westerners, no less so in the 20th century. Homeland of the legendary conqueror Chingiz Khan in modern times, Mongolia itself has been the object of imperial rivalry. For most of the 20th century it was under Soviet domination. Mikhail Gorbachev began the withdrawal of Soviet troops from Mongolia in 1989, a process completed in 1992. By 1996 a coalition of opposition parties triumphed in national elections and Mongolia launched itself on a new course. It is perhaps the most intriguing of the post-community transition societies. This volume examines Mongol history over the past century, embracing not only Mongolia proper but also Mongol communities in Russia and China. Contributions based on new archival research and the latest fieldwork are from the world's top experts in the field, including four authors from Mongolia and others from Japan, Russia, Taiwan, Great Britain and the United States. Stephen Kotkin's introductory chapter is an overview of Mongol studies. The essays in part 1 examine Sino-Russian competition over Outer Mongolia. Part 2 looks at international diplomacy in Mongolia, including the role of Japan. Part 3 focuses on contemporary issues, ranging from

economic and cultural change to emergent elites A concluding essay surveys Mongolian foreign policy *The Report: Mongolia 2014* Oxford Business Group,2014-05-23 Since the country s transition from communism two decades ago the Mongolian economy has experienced rapid liberalisation Sectors including ICT and insurance are expanding quickly and while the mining sector has been responsible for making Mongolia a rising star in the global economy there is great potential for further growth in all economic sectors Politically stable and rich with natural resources Mongolia has emerged as a bellwether for investor confidence in recent years The 2013 commercialisation of the Oyu Tolgoi gold and copper mine is helping to diversify Mongolia s mineral exports away from coal while the government is working to improve the investment environment by adopting the new Investment Law among other measures Challenges do exist however from the long harsh winters that slow construction to the difficulty of connecting the sparsely populated nation through ICT and transport systems In response the government has partnered with the private sector on a number of fronts in order to promote economic diversification and competitiveness **Mongolia** ,1974 **The Mongolia Society Bulletin** ,1970 **The**
