Worthy 2.0 Shaynicorn,2024-02-28 Worthy 2 0 A Journey of Finding

HER A Black Sheep Manifesto is a very personal look into the life of someone who started enduring abuse at a very young age It took a long time for Shaynicorn to find a way through the trauma and grief but she was determined that her life was worth more She became focused on recovery and resurgence but still slipped back sometimes as healing is never linear Shaynicorn s healer told her Stand in your power and speak your truth so she created four steps to help as she worked to heal her inner child Worthy 2 0 tells her story and also gives hope and a path to those who are looking to heal as well

Shaynicorn shares the healing model she developed over her evolution of going from abused perfectionist angel child who was afraid of everything to who she is today still a little damaged and still a little broken but free Shaynicorn was a victim of physical emotional and psychological abuse She is disabled and was ashamed but not anymore Now she is a trauma survivor fibromyalgia warrior and disability advocate She is an unapologetic powerful human being taking up the space she deserves and earned The past no longer defines her but it made her the badass she is today Feel hope from the words of her truth that there is freedom from pain trauma and the past You are the writer of your story so take charge

Outbreak! Hilary

Evans,Robert E. Bartholomew,2009 From fads crazes and manias to collective delusions scares panics and mass hysterias

history is replete with examples of remarkable social behavior. Many are fueled by fear and uncertainty others are driven by hope and expectation. For others still the causes are more obscure. This massive collection of extraordinary social behaviors spans more than two millennia and attempts to place many of the episodes within their greater historical and cultural context. Perhaps the most well known example of unusual collective behavior occurred in 1938 when a million or more Americans were frightened or panicked after listening to a realistic radio drama about a Martian invasion of New Jersey based on an adaptation of the H G Wells novel War of the Worlds. Less known but equally remarkable scares based on Wells book occurred in Chile in 1944 when Army units were mobilized in Ecuador in 1949 when riots broke out leaving more than a dozen dead as well as in Buffalo in 1968 Rhode Island in 1974 and Europe in 1988 and 1998. The modern civilized world is by no means immune to such peculiar episodes. In the late 20th century scores of people in the U S and Europe were wrongly incarcerated following claims of Satanic ritual abuse by authorities untutored in False Memory Syndrome. This episode recalls the European witch terror of the late Middle Ages when innocent people were tortured and executed for consorting with the Devil based on the flimsiest of evidence. **OUTBREAK THE ENCYCLOPEDIA OF EXTRAORDINARY SOCIAL BEHAVIOR** is an authoritative reference on a broad range of topics collective behavior deviance social and perceptual psychology sociology history folklore religious studies political science social anthropology gender studies critical thinking and mental health. Never before have so many sources been brought together on the mesmerizing topic of collective behavior.
