Monster Spotter's Guide to North America Scott Francis, 2007-07-11 Like a bird watching guide, only for monsters. Monsters represent the dark side of humanity: the primal animal impulses that reside in every single one of us. They have preyed upon our imaginations and our fears since the dawn of civilization. North America is home to a wide array of fearsome beasts, including hairy monsters, flying monsters, lake monsters, and other unexplained phenomena. *Monster Spotter's Guide* geographically catalogs more than one hundred legendary monsters reported to inhabit the continent. From the mythical Sasquatch of the Pacific Northwest to the vicious Mexican goatsucker known as El Chupacabra, you'll read about the legends and major sightings of the most widely feared creatures reported to exist, plus a few you might have never heard of. Within these pages, you'll find detailed pen and ink drawings, helpful quick-reference boxes for immediate identification of key monster traits, a glossary of cryptozoology terms, useful appendices, case studies, and more. Let this book be your guide and explore the legends for yourself. Anyone can be a monster spotter when you start looking; you never know what you might find. **Monster versus Mortal** Rhys-Jordan Griffith-Fyffe, 2015-01-14 Fourteen-year-old Vanessa Simons is just like any other girl her age, well, almost. Despite her thin body and long blonde hair, Vanessa has a few characteristics that set her apart: like pale skin, giant fangs, amazingly fast speed, and an insatiable craving for human blood. After her parents recognize Vanessa's growing inability to hide her vampire identity from her classmates, they enroll her at Monstero Academy, a special school that teaches monsters how to hone their abilities. After Vanessa enters the school through a portal and meets new friends Pete and Jen, they tell her she is the chosen hero to defeat the evil principal of the school and save all the monsters from a terrible fate. In order to stop the principal from imprisoning and killing the monsters, Vanessa must collect the three powerful stones, or so she thinks. Unfortunately, she is about to discover that not everyone is who they appear to be. In this exciting tale, a teen vampire embarks on a dangerous
